

Regardless of budget restrictions, you are charged with providing quality education to the students in your district. Your students' needs are not diminishing, and we have solutions. A locally-managed virtual program provides relief to every demand you are facing. Through the Florida Virtual School (FLVS) franchise model, you can utilize your district's teachers to serve your own students. By using our time-tested knowledge and expertise, you can now build your own virtual program.

This cost-recovery program allows you to expand your curriculum while addressing challenges such as: class size reduction; scheduling conflicts; grade forgiveness; middle school promotion; and FTE recovery for homeschool, private school, and expelled students. Through administrative, curriculum, and technical support, FLVS will be there to guide you as you grow.

Administrative Support and Training

- FLVS Franchise Manager supports the franchising districts full time
- Franchise teachers are assigned a dedicated trainer, content coach, and virtual instruction mentor
- Franchise teachers also receive ongoing professional development through virtual, face-to-face and web conference trainings
- Franchise Leadership Team is provided Virtual Leadership Training (VLT)

Curriculum Support and Materials

- FLVS delivers dynamic online course content and course updates
- FLVS manages fulfillment of all student course materials
- Franchise leaders, staff, and students are granted access to FLVS supplemental materials including:
 - Illuminate online conference program
 - FLVS subscriptions and thought leadership activities
 - Student webinars such as college advisement and internet safety

Technical Support and Data Management

- FLVS administers access, training, and hosting of courses in the Learning Management System (Educator) and data in the Student Information System (VSA)
- FLVS Help Desk provides online and phone support for all users
- FLVS delivers mid-point and year-end evaluations of each program, including customer satisfaction data from student and parent surveys
- FLVS assists franchise leaders in data analysis for course selection
- FLVS submits annual accountability report to FL DOE
