With more than 22 years of experience in online education and curriculum development, Florida Virtual School® (FLVS®) has what every student needs to succeed. FLVS is a fully accredited public school district comprised of six schools, with flexible and full-time options for elementary, middle, and high school students.

FLVS allows students the flexibility to work on their own time and schedule and provides a way for students to get ahead, stay on target, or get back on track. Enroll for one or multiple courses to create or complement the student’s education experience.

Experience no-limits learning with our interactive curriculum, including Honors and Advanced tracks for most courses. Many courses are mobile friendly so students can learn on the go. Advanced Placement® (AP®) courses are college level and approved by the College Board®.

To view our most current course list and enroll, visit flvs.net.

High School

English

English 1
Credit: 1
Course Code: 1001310
Honors Code: 1001320
Flex & Full Time
Develop language arts skills, reading, writing, listening, viewing, and speaking. This course provides text-based research and writing opportunities. You will learn to use the English language to successfully express yourself.

English 2
Credit: 1
Course Code: 1001340
Honors Code: 1001350
Flex & Full Time
Encounter new vocabulary, refine the grammar and mechanics of your writing, and engage in thought-provoking projects. Throughout the course, you will discover how the human experience is the foundation of the best stories, plays, poems, films, and articles.

English 3
Credit: 1
Course Code: 1001370
Honors Code: 1001380
Flex & Full Time
Acquire the language, reading, writing, and speaking/listening skills necessary for success in college, career, and beyond. Become a critical reader and thinker as you dive deeply into the texts presented throughout this course. You will learn how to effectively research and integrate your findings, as well as cite your sources.

Mathematics

Algebra 1
Credit: 1
Course Code: 1200310
Honors Code: 1200320
Flex & Full Time
Prerequisites: M/J Accelerated Mathematics Grade 7 or M/J Pre-Algebra – Grade 8
Algebra 1 emphasizes the importance of algebra in everyday life through hundreds of real-world examples. Assessments are designed to ensure that your understanding goes beyond rote memorization of steps and procedures. Upon successful course completion, you will have a strong foundation in Algebra 1 and will be prepared for other higher-level math courses.

Algebra 2
Credit: 1
Course Code: 1200330
Honors Code: 1200340
Prerequisite: Algebra 1 or its equivalent
You will learn about polynomials, quadratic, equations, linear and exponential functions, sequences and series, probability and statistics, and trigonometry. Throughout the course, these mathematical concepts are applied to everyday occurrences to demonstrate how the world around us functions.

Calculus Honors
Credit: 1
Honors Code: 1202300
Prerequisites: Algebra 1, Geometry, Algebra 2, and Pre-Calculus or Trigonometry/Analytical Geometry
Study limits, continuity, and differentiation; integrated algebraic, trigonometric, and transcendental functions; and the applications of derivatives and integrals.

Geometry
Credit: 1
Course Code: 1206310
Honors Code: 1206320
Prerequisite: Algebra 1 or its equivalent
Geometry exists everywhere in the world around you. We use it to build bridges, to design maps, or to create perspective in paintings. Throughout this course, you will use problem solving and real-world applications to gain the knowledge of geometric concepts and their practical uses.

Liberal Arts Mathematics 1
Credit: 1
Course Code: 1207300
Prerequisite: Algebra 1 or its equivalent
Liberal Arts Math 1 will revisit key concepts from Algebra 1 and incorporate concepts from Geometry to prepare you for your mathematical future. The course is delivered through text, interactive, and video that incorporates the Florida Standards for Mathematical Practice as well as Florida Standards for Mathematical Content.

Mathematics continued

Liberal Arts Mathematics 2
Credit: 1
Course Code: 1207310
Prerequisites: Algebra 2 recommended; Algebra 1 and Geometry minimum requirement
Liberal Arts Math 2 will revisit key concepts from algebra and geometry while preparing you for your mathematical future. The course is delivered through interactive video-based content and incorporates the Florida Standards for Mathematical Practice as well as Florida Standards for Mathematical Content.

Math for College Readiness
Credit: 1
Course Code: 120700
Prerequisites: Algebra 1 and Geometry
This course is intended for students who are not yet ‘college ready’ in mathematics or simply need some additional instruction to prepare them for success in college-level mathematics. This course incorporates the Florida Standards for Mathematical Practices as well as the Florida Standards for Mathematical Content.

Probability and Statistics with Applications Honors
Credit: 1
Honors Code: 1202340
Prerequisites: Algebra 1, Geometry, and Algebra 2
As a mathematical analyst, you will investigate how advanced math concepts can solve problems encountered in operating national parks. This course includes analytical geometry and trigonometry.

Pre-Calculus Honors
Credit: 1
Honors Code: 1202340
Prerequisites: Algebra 1, Geometry, and Algebra 2
This course is required for high school graduation.

Probability and Statistics with Applications Honors
Credit: 1
Honors Code: 1201300
Prerequisites: Algebra 1, Geometry, and Algebra 2
This course is intended for students who are not yet ‘college ready’ in mathematics or simply need some additional instruction to prepare them for success in college-level mathematics. This course incorporates the Florida Standards for Mathematical Practices as well as the Florida Standards for Mathematical Content.

Agriculture, Food, and Natural Resources

Agriscience Foundations 1
Credit: 1
Course Code: 2000350
Honors Code: 2000360
Prerequisite: Biology 1 recommended
In Agriscience Foundations 1, you will have the opportunity to become industry certified as an Agriculture Associate! This course provides elective credit and fulfills a rigorous science requirement for high school graduation. Prepares students for the Agriculture Associate Certification industry certification. This course does not satisfy NCAA eligibility requirements.

Anatomy & Physiology
Credit: 1
Course Code: 2000310
Honors Code: 2000320
Prerequisite: Biology 1 recommended
In Anatomy and Physiology students investigate the structure and function of the human body. Topics covered include the basic anatomical terminology, organization of the body, biochemical composition, and major body systems along with the impact of diseases on certain systems.

Biological Science
Credit: 1
Course Code: 2000310
Honors Code: 2000320
Prerequisite: Recommended for 9th-12th grade students
Explore the structure, function, diversity, and evolution of living matter by taking an in-depth look at the fundamental characteristics of living organisms. You will have the opportunity to perform hands-on lab activities and develop relationships through collaborative learning.

Chemistry
Credit: 1
Course Code: 2003340
Honors Code: 2003350
Prerequisite: Algebra 1
Chemistry includes a study of atomic structure, and the periodic table, bonding stoichiometry, states of matter and kinetic theory, solutions, acids, bases, and equilibrium, and simple chemical and nuclear reactions. The course includes laboratory experiments designed to reinforce course content.
Earth/Space Science

Credit: 1
Course Code: 2003130
Honors Code: 2003120
Prerequisite: Recommended for 9th–12th grade students
This laboratory course focuses on the study of space and the geologic and atmospheric forces that shape our world. Through experimentation and investigation, you will explore Earth’s cycles, including the geosphere, hydrosphere, cryosphere, atmosphere, and carbon cycle.

Forensic Science 1

Credit: 1
Course Code: 2002480
Fingerprints. Blood spatter. DNA analysis. Discover how clues and data are recorded and preserved and examine some of the basic scientific principles that guide forensic laboratory processes like DNA testing, toxicology, and material analysis. This course reviews criminal investigations, with a focus on pathology, autopsies, and crime scene analysis, as well as techniques and practices of forensic scientists during a crime scene investigation (CSI).

Marine Science 1

Credit: 1
Course Code: 2002500
Honors Code: 2002510
Prerequisite: Recommended for 9th–12th grade students
Delve deeply into Earth’s bodies of water and study geologic structures and how they impact the oceans. Investigate characteristics of various populations of aquatic life, patterns of distribution, and ongoing changes occurring in our ecosystem.

Physical Science

Credit: 1
Course Code: 2003310
Honors Code: 2003320
Build a foundation for studying physical sciences, including basic physics and chemistry, as you explore this interactive course. Topics include forces and motion, energy through waves, electricity and magnetism, the matter around us, chemical bonding, and reactions.

Physics 1

Credit: 1
Course Code: 2003380
Honors Code: 2003390
Prerequisites: Algebra 1 and 2 recommended
Discover the contributions of geniuses like Galileo, Newton, and Einstein by learning about the concepts, theories, and laws that govern the interaction of matter, energy, and forces.

Economics

Credit: 0.5
Course Code: 2012310
Honors Code: 2012320
Prerequisite: Algebra 1 recommended
Economic decisions affect us every day! Become a smart consumer who understands the flow of an economy between individuals, businesses, governments, and the rest of the world. This course is required for high school graduation.

United States Government

Credit: 0.5
Course Code: 2106310
Honors Code: 2106320
Explore the principles that inspired the Constitution, including the Bill of Rights. Examine each branch of government, the election process, and how you can impact public policy. You will also discover how the United States interacts with other countries. This course is required for high school graduation.

United States History

Credit: 1
Course Code: 2100310
Honors Code: 2100320
Investigate the people, events, and ideas that shaped the United States from the end of the Civil War through today, while applying what you learn to real-world problems. This course is required for high school graduation.

World History

Credit: 1
Course Code: 2109310
Honors Code: 2109320
Join Ali and Soo-jin, our modern day travelers, as they journey through history. Discover the connections between world events and eras, from the Roman Empire through the Industrial Revolution, and explore development in our modern world as well as the implications that historical events have on us today. This course is required for high school graduation.

American Sign Language 1

Credit: 1
Course Code: 0717300
Honors Code: 0717320
Prerequisites: American Sign Language 1; Recommended for 9th–12th grade students
Learn more about Chinese culture, including the origins, anecdotes, and etiquette for various cultural settings, using authentic materials. You will also compare and contrast the Chinese culture with your own as you continue to build knowledge of vocabulary, sentence structure, and grammar. This course provides elective credit.

Chinese 1

Credit: 1
Course Code: 0711300
Honors Code: 0711320
Prerequisites: Chinese 1 and 2
Learn conversation elements in Mandarin Chinese, including greetings, introductions, and the exchange of basic information with others using authentic materials. This course provides elective credit.

Chinese 2

Credit: 1
Course Code: 0711310
Honors Code: 0711320
Prerequisite: Chinese 1
Develop your communication skills at a more advanced level, including listening, speaking, reading, and writing in Mandarin Chinese using authentic materials. This course provides elective credit.

Chinese 3 Honors

Credit: 1
Honors Code: 0711320
Prerequisites: Chinese 1 and 2
Learn more about Chinese culture, including the origins, anecdotes, and etiquette for various cultural settings, using authentic materials. This course provides honors-level elective credit.
World Languages continued

French 1
Credit: 1
Flex & Full Time
Course Code: 0701320
Learn how to introduce yourself and others, share your interests, and talk about the weather, all in the language of Molière. Explore the rich culture of France including historical sites, foods, and sports through interactive activities, written practice, and speaking and listening exercises.
This course provides elective credit.

French 2
Credit: 1
Flex & Full Time
Course Code: 0701330
Prerequisite: French 1
Expand your listening, speaking, reading, and writing skills in French through interactive videos, dialogues, and self-checks. Grow your vocabulary and learn to discuss activities in the past, future, and conditional tenses. Explore the Francophone world and the influence France has had across the globe.
This course provides elective credit.

French 3 Honors
Credit: 1
Full Time Only
Honors Code: 0701340
Prerequisites: French 1 and 2
Immerse yourself in the French-speaking world through its people, food, music, art, business, and more. During this journey, you will improve your language fluency, vocabulary, and writing skills through authentic learning opportunities designed to help you successfully navigate real-world experiences in French. This course provides honors-level elective credit.

Latin 1
Credit: 1
Flex Only
Course Code: 0706300
Develop a foundation in Latin grammar and vocabulary while also learning about the mythical Roman gods and Roman history. This course provides elective credit.

Latin 2
Credit: 1
Flex Only
Course Code: 0706310
Prerequisite: Latin 1
Building on your knowledge of Latin grammar and vocabulary, you will also explore Roman engineering, art, commerce, and its system of laws to demonstrate the flexibility of the language. This course provides elective credit.

Latin 3 Honors
Credit: 1
Flex Only
Honors Code: 0706320
Prerequisites: Latin 1 and 2
Strengthen your Latin vocabulary skills and develop an appreciation for well-crafted writing by visiting the library of great authors. You will read the timeless words of Roman poets, storytellers, and orators and recognize why Latin, and those who speak it, are still relevant today.
This course provides honors-level elective credit.

Spanish 1
Credit: 1
Flex & Full Time
Course Code: 0708340
Learn basic Spanish grammar to help build your fluency and understanding, and apply what you learn through interactive games, written practice, listening, and speaking exercises.
This course provides elective credit.

Spanish 2
Credit: 1
Flex & Full Time
Course Code: 0708350
Prerequisites: Spanish 1 or M/J Spanish, Beginning and M/J Spanish, Intermediate
Strengthen your Spanish listening, speaking, reading, and writing skills while experiencing the beauty and expressiveness of a language that is shared by different people and cultures throughout the world using authentic materials.
This course provides elective credit.

Spanish 3 Honors
Credit: 1
Flex & Full Time
Honors Code: 0708360
Prerequisites: Spanish 1 and 2
Immerse yourself in this interactive course that explores the tastes, sights, and sounds of the Hispanic cultures. Experience and reflect on the triumphs, struggles, and celebrations of their dynamic peoples. During this journey, you will improve your language fluency, vocabulary, and writing skills through authentic researched-based projects. We invite you to take your Spanish language abilities to the next level.
This course provides honors-level elective credit.

Spanish 4 Honors
Credit: 1
Flex & Full Time
Honors Code: 0708370
Prerequisites: Spanish, 1, 2, and 3
Command the Spanish language by embarking on an immersive journey through rich traditions and superstitions. By meeting real people and hearing their stories, you will expand your language skills, industry knowledge, higher-order reasoning and problem-solving skills, new vocabulary, and better understand your role as a global citizen.
This course provides honors-level elective credit.

Career and Technical Education (CTE)

CTE electives prepare students with the academic, technical, and employability skills needed for the high-skills, high-wage, in-demand careers of tomorrow. Students pursuing certain Florida Bright Futures Scholarship programs must take at least three full credits in a single Career and Technical Education Program of Study.

Agriscience Foundations 1
Credit: 1
Flex & Full Time
Honors Code: 8106510
Explore the agricultural history and its global impact and learn about scientific and research concepts that drive the field, as well as the effects of agriculture on the environment. The course will teach you about agriculture career opportunities and how to best promote yourself to land your dream job. Specialized lab activities provide hands-on practice to master the lessons and you will have the unique experience of interviewing an agriscience worker related to your career interest. At the end of the course, you will have the opportunity to become industry certified as an Agriculture Associate.
This course provides elective credit and fulfills a rigorous science requirement for high school graduation. Prepares students for the Agriculture Associate Certification industry certification. This course does not satisfy NCAA eligibility requirements.

Computer and Network Security Fundamentals
Credit: 1
Flex Only
Honors Code: 9001320
As our world continues to go more and more digital, our vulnerability to cyberattacks soar. This course will take you from understanding the basics of home computing, operating systems, and networking, to investigating security on a national scale. Using virtual labs, you will have a hands-on opportunity to practice solving cybersecurity issues in a simulated environment. Dive into the ethical and legal issues in cybersecurity and how professionals in the field can make a difference in the safety of millions. Put on your white hat and discover how computers and networks are kept secure.
This course provides honors-level elective credit.

Criminal Justice Operations 1
Credit: 1
Flex Only
Course Code: 918010
Explore the fields of law enforcement, the court system, and the correctional system. You will acquire technical skill proficiency, industry knowledge, higher-order reasoning and problem-solving skills, general employability skills, and occupation-specific skills needed in all aspects of law, public safety, and security careers. This course provides elective credit. Due to the nature of criminal/justice, the material can be graphic.

Culinary Arts 1
Credit: Full Time Only
Course Code: 880510
This course covers the history of the food service industry and careers in that industry. Also covered are safety in the workplace, employability skills, leadership/teamwork skills, care and use of commercial culinary equipment, basic food science, basic nutrition, and following recipes in food preparation labs. This course provides elective credit.

Culinary Arts 2
Credit: 1
Full Time Only
Course Code: 880520
This course covers state mandated guidelines for food service and safe handling certification. Students will prepare quality food products demonstrating creativity, safety, and sanitary work procedures as it relates to food science principles including cooking, baking, and nutrition.
This course provides elective credit.

Digital Information Technology
Credit: 1
Full Time Only
Course Code: 8207310
This exciting course provides you with the foundational skills needed for future careers in a variety of technological fields. You’ll learn about computer technologies, design, Microsoft Office online applications, operating systems, and much more! Learn your strengths and how they relate to potential career opportunities.
This course provides elective credit and fulfills the character education and practical art requirement for high school graduation. Digital Information Technology, Foundations of Programming, and Procedures Programming make up the Web Application and Development Program of Study.

Foundations of Programming
Credit: 1
Flex Only
Honors Code: 9007210
Prerequisites: Digital Information Technology (or Introduction to Information Technology) and Algebra 1 recommended
Learn the skills required to be competitive in today’s high-tech workforce. This course covers the fundamentals of programming using the computer language Python. It provides you with the concepts, techniques, and processes associated with computer programming and software development. You’ll also explore the vast programming career opportunities available in this high-demand field.
This course provides honors-level elective credit. Digital Information Technology, Foundations of Programming, and Procedure Programming make up the Web Application and Development Program of Study.

Parenting Skills
Credit: 0.5
Flex & Full Time
Course Code: 8500300
Parenting involves more than having a child and providing food and shelter. Take this one-semester course to explore parenting roles and responsibilities, nurturing and protective environments for children, positive parenting strategies, and effective communication in parent/child relationships.
This course provides elective credit.
Personal Financial Literacy (CTE)
Credit: 0.5
Course Code: 9007220
This course teaches advanced programming concepts using the computer language Python. You will learn techniques and processes that are associated with computer programming and software development.

Prerequisites: Digital Information Technology and Foundations of Programming
Do you want to learn higher-level coding skills? This course teaches advanced programming concepts using the computer language Python. You will learn techniques and processes that are associated with computer programming and software development.

Procedural Programming
Credit: 0.5
Course Code: 1700380
This course will show you how to prepare for, get accepted to, and pay for college. You will explore different career and education pathways, study interview techniques and networking tips, create resume summaries, and learn how to plan for a successful future. Throughout the course you will be coached by Mawi Asgedom, a Harvard graduate and a student leadership expert who has trained more than a million students. Opportunity is knocking. Are you ready?

Creative Photography 1
Credit: 1
Course Code: 0108310
Develop your photography knowledge, including the basics of lighting, shutter speed, and composition. Gain an understanding of professional photography, learn what creates an eye-catching photo, and build a portfolio of images.

This course provides elective credit and fulfills the character education requirement for high school graduation.

Critical Thinking and Study Skills
Credit: 0.5
Course Code: 1700370
Increase your success in high school and beyond by learning proven study techniques and test-taking skills. This half-credit course teaches the ACE test-taking method, which will assist students in their approach to high-stakes testing. Throughout the course, Mawi Asgedom, a Harvard graduate who was the first in his family to attend college, will coach you. Mawi is a student success expert who has trained more than a million students.

This course provides elective credit.

Art History and Criticism 1 Honors
Credit: 1
Honors Code: 0100330
Critique and compare significant works of art and architecture from Prehistory through the 21st century. You will analyze art history and criticism methodologies, explore media and techniques used by artists from various cultures and time periods, and learn appropriate terminology for discussing artwork from around the world.

This course provides honors-level elective credit and fulfills a fine art requirement for high school graduation.

Career Research and Decision Making
Credit: 0.5
Course Code: 1700380
This course will show you how to prepare for, get accepted to, and pay for college. You will explore different career and education pathways, study interview techniques and networking tips, create resume summaries, and learn how to plan for a successful future. Throughout the course you will be coached by Mawi Asgedom, a Harvard graduate and a student leadership expert who has trained more than a million students. Opportunity is knocking. Are you ready?

This course provides elective credit and fulfills the character education requirement for high school graduation.

Guitar 1
Credit: 1
Course Code: 1301320
Build your foundation in music skills as you learn music notation, music styles, and full-strum chords. You will play the guitar, learn practice skills, and perform for your teacher throughout the course.

This course provides elective credit and fulfills a fine art requirement for high school graduation. No prior music experience is necessary, but you must have your own six-string guitar and a way to record and submit a video performance to your teacher.

Intensive Reading
Credit: 1
Course Code: 1000410
This course enables you to accelerate and strengthen the development of your reading and writing skills so you are able to successfully read grade-level text independently. Lessons emphasize reading comprehension, writing fluency, and vocabulary study. You’ll also engage in interactive text-based discussion, question generation, research opportunities, as well as opportunities to collaborate with fellow students.

This course provides elective credit.

Journalism 1
Credit: 1
Course Code: 1063300
Prerequisite: M/J Language Arts 3 recommended
Explore a career in journalism and learn how to write a news story, a feature story, and an editorial. Throughout this course, you will learn best practices for conducting research and interviews, analyzing the reliability of sources, and self-editing.

This course provides elective credit and fulfills a practical art requirement for high school graduation.

Law Studies
Credit: 0.5
Course Code: 2106350
What are your rights as an American citizen? In this course, you will investigate aspects of family and consumer law, and learn how the state and federal courts system works. Gain an understanding of the judicial system and examine key differences between civil and criminal law.

This course provides elective credit.

Driver Education/Traffic Safety
Credit: 0.5
Course Code: 1903300
Prerequisite: Must be at least 14 and a half years old
Begin to develop safe driving skills by studying the Highway Transportation System, road signs, rules of the road, and how to make good choices behind the wheel. This course fulfills the Florida Department of Highway Safety and Motor Vehicles (DHSMV) required completion of the Traffic Law & Substance Abuse Education (TLSAE) course. As an added benefit for completing the course with FVSU, you will also be eligible to take the Class E Knowledge Exam for licensing online for FREE!

This course provides elective credit.

Life Management Skills
Credit: 0.5
Course Code: 0803100
Learn how to deal with real issues that impact your everyday life, such as nutrition, substance abuse, stress, and health. This course provides you with the facts you need to make important and informed decisions.

This course provides elective credit. It does not fulfill a Physical Education requirement for high school graduation.

Music of the World
Credit: 1
Course Code: 1300340
Take your knowledge of music to the next level. Learn about the impact of music and how it represents different cultures while “meeting” musicians and composers and discussing their works.

Gain a historical perspective of music and experience a variety of musical styles, from the Middle Ages through the 21st century. This course provides elective credit and fulfills a performing arts requirement for high school graduation.

Peer Counseling 1
Credit: 0.5
Course Code: 1400310
Prerequisite: Recommended for English Language Learner (ELL) students but open to all students
Gain the skills to help you succeed in all areas of your life. You will learn how to take action, set goals, manage your time, and help your peers.

This course provides elective credit.

Peer Counseling 2
Credit: 0.5
Course Code: 1400310
Increase your confidence and build your social skills as you learn how to conquer peer pressure, social anxiety, and the unnecessary risks that can derail your future. In this course, you’ll discover how your “super-charged” teen brain really works. By the end of your training, you will have new power to direct your own life and lead your classmates.

This course provides elective credit.
This course provides elective credit.

**Advanced Placement**

Advanced Placement (AP) courses require college-level reading and work. They align with the College Board Course and Exam Descriptions, which outline the knowledge and skills students need to achieve qualifying exam scores, in order to earn college credit. The AP program recommends that “all motivated and academically prepared students should be able to enroll in AP courses.” Consult your school counselor to determine if AP courses are a good fit for you.

To help allow for course completion prior to the AP Exams in May, FLVS closes registration for full-credit courses the end of September, and half-credit courses the end of October.

</table>
**AP Human Geography**

Credit: 1 Flex & Full Time
Honors Code: 2103400

Explore the patterns and processes that impact the way humans understand, use, and change Earth’s surface. Geographic models, methods, and tools help you examine the effect that human social organization and interconnections have on our world. This course provides elective credit.

**AP Macroeconomics**

Credit: 0.5 Flex & Full Time
Honors Code: 2102370

Prerequisite: Algebra I recommended Understand the choices you make as a producer, consumer, investor, and taxpayer. This course provides you with the knowledge and decision-making tools necessary for understanding how a society must organize its limited resources to satisfy its unlimited wants. This course fulfills the Economics high school graduation requirement.

**AP United States Government and Politics**

Credit: 0.5 Flex & Full Time
Honors Code: 2106420

Prerequisite: United States History recommended Research the roles of the media, political parties, interest groups, states, candidates, bureaucracy, and the public in the governmental process. You will experience the production of policy building in multiple economic and social settings. This course fulfills the United States Government high school graduation requirement.

**AP United States History**

Credit: 1 Flex & Full Time
Honors Code: 2100330

Prerequisite: World History recommended Examine key themes and events of our history, including American identity, diversity, religion, culture, war, and slavery, as well as economic, political, and demographic changes. You will also analyze globalization and environmental issues. This course fulfills the United States History high school graduation requirement.

**AP Psychology**

Credit: 1 Flex & Full Time
Honors Code: 2107350

Immerse yourself in modern psychological techniques investigating the ethics and morality of human and animal research. In this college-level course, you will learn the psychological facts, principles, and phenomena associated with each major area of psychology and enhance your scientific critical thinking skills. This course provides elective credit.

**AP Statistics**

Credit: 1 Flex & Full Time
Honors Code: 1210320

Prerequisite: Algebra 2 This course will introduce students to exploring data, sampling and experimentation by planning and conducting studies, anticipating patterns using probability and simulation, and using statistical inference to analyze data and draw conclusions. This course fulfills one required math credit for high school graduation.

**Microeconomics**

Credit: 0.5 Flex & Full Time
Honors Code: 2102360

Prerequisite: Algebra I recommended Explore the fundamentals of microeconomics in preparation for the AP Exam and a life that will include many decisions. Microeconomics is ultimately a thorough analysis of how to make rational decisions as an individual consumer or business. Topics include economic systems, opportunity cost, marginal cost, marginal benefit, consumer choice, supply and demand, elasticity, market structures, factor markets, and when government interventions hurt and help market efficiency. This course fulfills the Economics high school graduation requirement.

**English**

**M/J Language Arts 1 – Grade 6**

Length: Year Course Code: 101010 Advanced Code: 101010

This course will introduce students to exploring data, sampling and experimentation by planning and conducting studies, anticipating patterns using probability and simulation, and using statistical inference to analyze data and draw conclusions. This course fulfills one required math credit for high school graduation.

**M/J Language Arts 2 – Grade 7**

Length: Year Course Code: 101040 Advanced Code: 101050

Using the thrilling theme of mysteries, monsters, and mayhem, you’ll discover your own ability to write through reading, listening, and analyzing various fiction and nonfiction text.

**M/J Language Arts 3 – Grade 8**

Length: Year Course Code: 101070 Advanced Code: 101080

In this course, the themes of imagination, innovation, and invention teach you to become a critical reader and thinker as you work to acquire the tools you need to express yourself through writing.

**Mathematics**

**M/J Mathematics – Grade 6**

Length: Year Course Code: 1205010 Accelerated Code: 1205020

Through games that reinforce and strengthen mathematics skills, you will have opportunities to demonstrate your knowledge of number manipulation in real-world scenarios.

**M/J Mathematics – Grade 7**

Length: Year Course Code: 1205040 Accelerated Code: 1205060

Learn mathematics through animations, applications, videos, games, and real-world scenarios while creating, investigating, and demonstrating your knowledge.

**M/J Pre-Algebra – Grade 8**

Length: Year Course Code: 1205070

Gain a true understanding of higher-level concepts such as functions and systems of equations while experiencing intriguing and fun in this hands-on course full of slideshows, applications, videos, and real-world scenarios.

**Science**

**M/J Comprehensive Science 1 – Grade 6**

Length: Year Course Code: 20034 Advanced Code: 2002050

Get ready to investigate energy, force, weather, climate, Earth’s systems, and living organisms. This in-depth exploration will spark scientific curiosity and build a foundation for concepts covered in Comprehensive Science 2 and 3.

**M/J Comprehensive Science 2 – Grade 7**

Length: Year Course Code: 2002070 Advanced Code: 2002080

Explore the foundations of science, including energy, Earth’s changing features and structures, Earth’s history, genetics, heredity, and the organization and interaction of living organisms.

**M/J Comprehensive Science 3 – Grade 8**

Length: Year Course Code: 200210 Advanced Code: 200210

Spark your passion for science by discovering the properties of matter, changes in matter, and energy flow. Explore the universe and the interactions between the Earth, sun, and moon in our solar system.

**Social Studies**

**M/J World History**

Length: Year Course Code: 2109010 Advanced Code: 2109020

Prerequisite: Recommended for 6th grade, but open to all middle school grade levels (district dependent)

Travel back in time to discover the secrets and benefits of our world’s history. You will learn about China’s ancient dynasties, the precision of Mayan astronomy, and India’s contribution to medicine, which have formed what we know and who we are today.

**M/J Civics**

Length: Year Course Code: 2106010 Advanced Code: 2106020

Prerequisite: Recommended for 7th grade, but open to all middle school grade levels (district dependent)

Explore the rights and responsibilities of United States citizenship and examine the structure and function of federal, state, and local governments. You will learn about geography and economics and the important roles citizens play in their communities.

The grade level in the course titles reflects FCIS’s recommendations for appropriate course progression; however, these courses are open to all middle school grade levels. Select high school courses may be available to middle school students. Please consult your school counselor for more information.
M/J United States History

Length: Year
Course Code: 2100010
Advanced Code: 2100020
Prerequisite: Recommended for 8th grade, but open to all middle school grade levels (district dependent)

You will discover that history is full of adventure, colorful characters, and complex plots. Each plot is different and highlights an important story from our nation’s past.

Electives

M/J Advanced Reading

Length: Year
Advanced Code: 1080020

Analyze and evaluate real-world informational texts and develop objective research skills.

This course provides middle school elective credit.

M/J Career Research and Decision Making

Length: Semester
Course Code: 1700060

Thinking ahead to your future career is exciting! In this course, you will participate in several self-assessment activities to help you become more aware of your unique interests, values, and skills. You will learn how to set goals for your future career path and develop an understanding of the steps you would follow to obtain a job.

This course provides middle school elective credit.

M/J Comprehensive PE – Grade 6/7

Length: Semester
Course Code: 1500860

This course provides a foundation of knowledge, skills, and values students need to develop a physically active lifestyle. A friendly cast of course characters helps guide and enhance your experience. Knowledge about safety rules for exercise, how to improve sport skills, how different activities target different body parts, and how to set and a goal are all part of your learning and participation. Activity choices are plentiful, leading to a healthy and physically active lifestyle.

This course provides middle school elective credit. Please check with your school district regarding middle school physical education requirements.

M/J Comprehensive PE – Grade 7/8

Length: Semester
Course Code: 1500870

This interactive, highly animated course helps you learn safety rules for exercise, how to improve skills, and how to establish and accomplish goals. It also provides an overview of many dual, team, extreme, and outdoor sports.

This course provides middle school elective credit. Please check with your school district regarding middle school physical education requirements.

M/J Creative Photography 1

Length: Year
Course Code: 0102040

Learn and apply basic camera skills to photograph animals, people, and landscapes. You will select subjects, take photographs, and print and display memories in your own portfolio.

This course provides middle school elective credit. You must have access to a digital camera or cell phone camera to take this course.

M/J Critical Thinking, Problem Solving, and Learning Strategies

Length: Year
Course Code: 1700100
Prerequisites: Recommended for 7th and 8th grade students

Gain strategies to find important information quickly, transfer it to long-term memory, and perform better on assignments and tests.

You will learn to become a more efficient learner, find balance, and prioritize goals.

This course provides middle school elective credit.

M/J Exploring Music 1

Length: Year
Course Code: 1301090

Explore the essential elements of 20th and 21st century music in America.

This course provides middle school elective credit.

M/J Spanish Beginning

Length: Year
Course Code: 0700801

Immerse yourself in the Spanish language and culture. Develop your listening, speaking, reading, and writing skills while broadening your exposure and appreciation for Spanish cultural similarities and differences.

This course provides middle school elective credit and is not eligible for high school transcripts.

M/J Spanish Intermediate

Length: Year
Course Code: 0700810
Prerequisite: M/J Spanish Beginning

Immerse yourself in the Spanish language and culture. Continue to develop your grammar and vocabulary skills to help build basic fluency and language proficiency while exploring more of the culture of Spanish-speaking countries.

This course provides middle school elective credit.

M/J Spanish Intermediate 2

Length: Year
Course Code: 0700820

Immerse yourself in the Spanish language and culture. Continue to develop your grammar and vocabulary skills to help build basic fluency and language proficiency while exploring more of the culture of Spanish-speaking countries.

This course provides middle school elective credit.

M/J Spanish Advanced

Length: Year
Course Code: 0700830

Immerse yourself in the Spanish language and culture. Continue to develop your grammar and vocabulary skills to help build basic fluency and language proficiency while exploring more of the culture of Spanish-speaking countries.

This course provides middle school elective credit.

The grade level in the course titles reflects FLVS recommendations for appropriate course progression, however, these courses are open to all middle school grade levels. Select high school courses may be available to middle school students. Please consult your school counselor for more information.

Art – Kindergarten

Length: Year
Course Code: S000100
Prerequisite: Must be age 5 on or before September 1 of the current school year

Get creative and express yourself! This course is all about inspiration, expression, and boosting self-confidence in each student’s creativity. Budding artists will explore the elements of art, learn about artists, and find inspiration in the world around them to create their own artwork.

Art – Grade 1

Length: Year
Course Code: S000102
Prerequisites: Must be age 6 on or before September 1 of the current school year

Get inspired and embrace your artistic side! In this course, students will learn about the elements of art, including design, color, form, and movement. Students will explore the world of art and create their own masterpieces.

Art – Grade 2

Length: Year
Course Code: S000103
Prerequisite: Art – Grade 1

Be inspired to grow as an artist and learn from the masters! This course isn’t just about learning art; it’s about creating a masterpiece inspired by great artists. From the works of Jackson Pollock to Antoni Gaudí, students will explore the Elements of Art like line, space, color, shape, and texture in the world around them, and connect them to artworks of master artists like Picasso and Impressionists.

Art – Grade 3

Length: Year
Course Code: S000104
Prerequisite: Art – Grade 2

Learn how to create Mexican papel picado or observe Dutch paintings in the Netherlands! In this course, students will learn the Principles of Design while they explore the streets of Havana, Cuba and the landscapes of Guatemala in search of art.

Art – Grade 4

Length: Year
Course Code: S000105
Prerequisite: Art – Grade 3

Explore the Lascaux Caves in France or lacemaking and street art in Brazil! From Impressionism to Pop Art, students will learn about many styles of art and how to appreciate artists in their own community. By creating works of art inspired by Andy Warhol and Frank Stella, students will build their art techniques by practicing rhythm, pattern, symmetry, and other Principles of Design.

Computer Science – Kindergarten

Length: Year
Course Code: S000106
Prerequisite: Art – Grade 4

Discover how Bridget Riley and Salvador Dalí use optical illusions to trick your eye with their artworks! No matter what a student’s interest—painting, pottery, glassblowing, sculpting, or graphic design—this course introduces students to all types of careers in the artistic field. Students will build on their art techniques, learn the art of critique, and travel across the world to explore how language and music influence art in different countries.

Computer Science – Grade 1

Length: Year
Course Code: S000200
Prerequisite: Must be age 5 on or before September 1 of the current school year

Join the Viking Robots of Datamonster on their quest to discover their past! In this course, students will journey deeper into cyberspace as they learn about all the wonders of social media, what makes a computer tick, how to share data with Microsoft Excel Online, and more. Through fun games and videos, students will practice coding and focus on typing accuracy and speed. With the help of Royz, the Social Media guide, they’ll also share what they’ve learned by creating their own PowerPoint presentation.

Physical Education (P.E.) – Kindergarten

Length: Year
Course Code: S000106
Prerequisite: Must be age 5 on or before September 1 of the current school year

On your mark, get set, move! Follow Frank, Miriam, and Ziggy the dog, as they guide students in ways to live a healthy lifestyle. Learn how to throw, catch, kick, strike, dance, swim, and do basic gymnastics while playing fun games, exciting drills, and completing a variety of moderate and vigorous activities. As students progress through the course, they’ll get to do Barana Stretches, hydrate at Hydration Station, read storybooks, and challenge themselves to fitness fun.

Physical Education (P.E.) – Grade 1

Length: Year
Course Code: S000200
Prerequisite: Must be age 6 on or before September 1 of the current school year

Join Travis on safari through the Purple Lily Jungle! In this course, students will blast into cyberspace where they’ll learn about loops, an activity that will keep them engaged and active for 60 minutes per day.

Physical Education (P.E.) – Grade 2

Length: Year
Course Code: S000201
Prerequisite: Must be age 6 on or before September 1 of the current school year

Guess That Sketch and activities like Heart Beat the Clock will keep students engaged and active for 60 minutes per day.

Physical Education (P.E.) – Grade 3

Length: Year
Course Code: S000202
Prerequisite: Must be age 7 on or before September 1 of the current school year

Turn up the intensity! Dive into this course and learn how to throw, catch, kick, strike, dance, swim, and do basic gymnastics. Jump the cardio with Kristen and gain tips on a healthy diet with Benny. Develop teamwork and sportsmanship while striving for 60 minutes of daily activity. Using videos and demonstrations, students will discover ways to jump-start their fitness through drills, games, and activities to meet their goals and improve their skills.
Florida Virtual School offers a suite of Elementary Spanish courses. These courses are based on proficiency level rather than grade level. The majority of our students (even those that speak Spanish at home) find it is most beneficial in the student learning process to begin at the introductory level to ensure a smooth transition of content. Each level of Spanish builds on the previous level and is set in a new and exciting Spanish-speaking country.

Spanish – Introductory
Length: Year
Course Code: 5007020
Join Juanito and Rosalinda on a trip to explore the sights, sounds, and traditions of Mexico. In this course, students will be introduced to the Spanish language and culture through vocabulary, songs, stories, videos, and more. Along the journey, students will meet the famous Mexican artist Frida Kahlo and learn the story of Araña Pequeñita. They will also record and listen to themselves speaking new words in Spanish.

Spanish – Level 1
Length: Year
Course Code: 5007020
Get ready for an adventure! In this course, students will travel through Spain with Carmen and Mateo to experience the culture and traditions of this beautiful country. Students will continue to build their Spanish speaking and listening skills with new vocabulary, songs, and stories, and even play a Dominoes game!

Spanish – Level 2
Length: Year
Course Code: 5007020
The global tour continues! This course takes students on a trip through the scenic country of Peru, where they will learn vowel and letter sounds. Students will join Martín and María as they explore Machu Picchu and learn about the Peruvian culture with an authentic recipe for chocolate caliente.

Spanish – Level 3
Length: Year
Course Code: 5007020
It’s island time! Daniela and Santiago guide students on a tour through the colorful culture and traditions of the Caribbean. Students will build on their previous Spanish language skills by learning how to ask and answer questions. Along the way, students will visit the El Yunque Rainforest and learn how to dance the merengue!

Spanish – Level 4
Length: Year
Course Code: 5007020
Pack your bags—you’re going to Argentina! In this course, students will experience the culture and traditions of this unique country alongside Mercedes and Armando. Students will continue to build their Spanish vocabulary, learn about verb conjugations, and use adjectives. Along the way, students will visit interesting places throughout Argentina such as Patagonia and the beautiful waterfalls, Las Cataratas del Iguazú.

Spanish – Level 5
Length: Year
Course Code: 5007020
Costa Rica, here we come! Join Paula and Carlos on a tour through the beautiful culture and lush rainforests of Central America. With an emphasis on using mostly Spanish, this course will help increase students’ language skills. In addition, students will learn about greetings in different Spanish-speaking countries, practice writing in Spanish with a typing activity, and continue to practice their speaking and listening skills.
