

Philip Bertolo
Senior Director, Information Technology

Philip Bertolo is the Senior Director, Information Technology (IT) for Florida Virtual School® (FLVS®). In this role, he leads all FLVS Information Technology management teams including Operations, Infrastructure, and Product Development. He supports the Chief Operating Officer with strategic planning, departmental goalsetting, establishing operating procedures, and managing strategic relationships with external entities.

With more than 30 years as an established IT professional, Mr. Bertolo's strengths range from engineering to networking to product development. Prior to joining FLVS in 2009, he served as the IT Operations Director for Reunion Resorts. Mr. Bertolo is a subject matter expert in IT team leadership and is a skilled mentor, trainer, and project leader.

Mr. Bertolo served in the U.S. Navy for five years after high school. While in the Navy, he took several Technology courses. He continued his training obtaining several technology certificates. He is a Microsoft Certified Systems Engineer, Novell Systems Administrator 4.0, Networking+ Specialist, ITIL Foundations Certified, and has completed several more IT Management-related and computer training courses.
