FLVS Code of Conduct

FLVS Student Conduct Philosophy

Florida Virtual School expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The FLVS school district believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members. Since students learn by example, school administrators, faculty, staff, and volunteers will demonstrate appropriate behavior, treat others with civility and respect, and refuse to tolerate bullying or harassment.

FLVS Code of Conduct Overview

FLVS staff members seek to maintain orderly conduct among Kindergarten-12 students in all FLVS programs in an effort to create a safe and positive learning environment. Although most programs are delivered online, from time to time school-sponsored events are planned, therefore a comprehensive Code of Conduct was written to address the behavioral expectations for students in both virtual and face-to-face settings. The Code of Conduct operates in conjunction with the FLVS Student Handbook and provides information that both parents/guardians and students should read when entering an FLVS program and review annually.

Four levels of behavioral offenses and possible disciplinary responses are listed, followed by additional policies regarding student behavioral expectations. FLVS reserves the right to determine appropriate consequences to be imposed upon a student for any infraction of the Code of Conduct, including misconduct not specifically listed. FLVS reserves the right to amend the content in this handbook at any time throughout the school year, without notice. FLVS also will comply with discipline regulations for students with disabilities in conjunction with Section 504 of the Rehabilitation Act and the Individuals with Disabilities Education Act (IDEA).

Policy Against Bullying and Harassment

STATEMENT AGAINST BULLYING AND HARASSMENT. It is the policy of FLVS that all its students and school employees have an educational setting that is safe, secure, and free from harassment and bullying of any kind. FLVS will not tolerate bullying and harassment of any type. Conduct that constitutes bullying and harassment as defined herein is prohibited.

Definitions

For the purposes of this policy, the following definitions shall apply:

Bullying includes cyberbullying and means systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees. It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual’s school performance or participation; and may involve but is not limited to:

- Teasing
- Social exclusion
- Stalking
- Threat
- Intimidation
- Sexual, religious, or racial harassment
- Physical violence
- Theft
- Public or private humiliation
- Destruction of property
Cyberbullying means bullying through the use of technology or any electronic communication, which includes, but is not limited to, any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photoelectronic system, or photo optical system, including, but not limited to, electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person, or the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

Harassment means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal, or physical conduct directed against a student or school employee that:

- Places a student or school employee in reasonable fear of harm to his/her person or damage to his/her property;
- Has the effect of substantially interfering with a student’s educational performance, opportunities, or benefits; or
- Has the effect of substantially disrupting the orderly operation of a school.

Bullying and harassment also encompasses:

- Retaliation against a student or school employee by another student or school employee for asserting or alleging an act of bullying or harassment. Reporting an act of bullying or harassment that is not made in good faith is considered retaliation.
- Perpetuation of conduct listed in the definition of bullying or harassment by an individual or group with intent to demean, dehumanize, embarrass, or cause emotional or physical harm to a student or school employee by:
  - Incitement or coercion
  - Accessing or knowingly and willingly causing or providing access to data or computer software through a computer, computer system, or computer network within the scope of the district schoolsystem
  - Acting in a manner that has an effect substantially like the effect of bullying or harassment

Cyberstalking as defined in s. 784.048(1)(d), F.S., means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person, and serving no legitimate purpose.

**Description of Type of Behavior Expected from Each Student and Employee of FLVS**

FLVS expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and FLVS staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

FLVS believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members. Since students learn by example, school administrators, faculty, staff, and volunteers will demonstrate appropriate behavior, treat others with civility and respect, and refuse to tolerate bullying or harassment.

FLVS upholds that bullying or harassment of any student or school employee is prohibited:

a) During any education program or activity conducted by an FLVS public K-12 educational institution;
b) During any FLVS school-related or school-sponsored program or activity;

c) On a school bus of a public K-12 educational institution;

d) Through the use of data or computer software that is accessed through a computer, computer system, or computer network of an FLVS public K-12 education institution, meaning regardless of ownership, any computer, computer system, or computer network that is physically located on FLVS property or at a school-related or school-sponsored program or activity; or

e) Through the use of data or computer software that is accessed at a non-school-related location, activity, function, or program or through the use of technology or an electronic device that is not owned, leased, or used by FLVS, if the bullying substantially interferes with or limits the victim's ability to participate in or benefit from the services, activities, or opportunities offered by FLVS or substantially disrupts the education process or orderly operation of an FLVS school.

f) The above section (e) does not require FLVS to staff or monitor any non-school-related activity, function, or program.

Each school community is required to implement appropriate recognition for positive reinforcement for good conduct, self-discipline, good citizenship, and academic success.

Consequences for a Student or FLVS Employee of a Public K-12 Educational Institution Who Commits an Act of Bullying or Harassment

Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action.

Consequences and appropriate remedial action for students who commit acts of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion, as outlined in the Code of Student Conduct.

Consequences and appropriate remedial action for a school employee found to have committed an act of bullying or harassment may be disciplined in accordance with FLVS policies, procedures, and agreements. Additionally, egregious acts of harassment by certified educators may result in a sanction against an educator's state issued certificate. (See State Board of Education Rule 6B-1.006, FAC., The Principles of Professional Conduct of the Education Profession in Florida.)

Consequences and appropriate remedial action for a visitor or volunteer, found to have committed an act of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

Consequences for a Student or FLVS Employee of a Public K-12 Educational Institution Who Is Found to Have Wrongfully and Intentionally Accused Another of an Act of Bullying or Harassment

Consequences and appropriate remedial action for a student found to have wrongfully and intentionally accused another as a means of bullying or harassment range from positive behavioral interventions up to and including suspension or expulsion, as outlined in the Code of Student Conduct.

Consequences and appropriate remedial action for a school employee found to have wrongfully and intentionally accused another as a means of bullying or harassment may be disciplined in accordance with FLVS policies, procedures, and agreements.

Consequences and appropriate remedial action for a visitor or volunteer, found to have wrongfully and
intentionally accused another as a means of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

A Procedure for Reporting an Act of Bullying or Harassment, Including Provisions That Permit a Person to Anonymously Report Such Act

At each school, the principal/instructional leader or the principal/instructional leader’s designee is responsible for receiving complaints alleging violations of this policy. All school employees are required to report alleged violations of this policy to the principal/instructional leader or the principal/instructional leader’s designee. All other members of the school community, including students, parents/legal guardians, volunteers, and visitors are encouraged to report any act that may be a violation of this policy anonymously or in-person to the principal/instructional leader or principal/instructional leader’s designee.

The principal/instructional leader of each school shall establish and prominently publicize to students, staff, volunteers, and parents/legal guardians, how a report of bullying or harassment may be filed either in-person or anonymously and how this report will be acted upon. The victim of bullying or harassment, anyone who witnessed the bullying or harassment, and anyone who has credible information that an act of bullying or harassment has taken place may file a report of bullying or harassment. A school employee, school volunteer, student, parent/legal guardian, or other person who promptly reports in good faith an act of bullying or harassment to the appropriate school official, and who makes this report in compliance with the procedures set forth in this policy, is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. Submission of a good faith complaint or report of bullying or harassment will not affect the complainant or reporter’s future employment, grades, learning or working environment, or work assignments.

Any written or oral reporting of an act of bullying or harassment shall be considered an official means of reporting such act(s). Reports may be made anonymously, but formal disciplinary action may not be based solely based on an anonymous report.

Procedures for the Prompt Investigation of a Report of Bullying or Harassment and the Persons Responsible for the Investigation

The investigation of a reported act of bullying or harassment is deemed to be a school-related activity and begins with a report of such an act.

At each school in the FLVS district, the procedures for investigating bullying and/or harassment include:

1. The principal/instructional leader or designee selects a designee(s), employed by the school, and trained in investigative procedures to initiate the investigation. The designee(s) may not be the accused perpetrator (harasser or bully) or victim.

2. Documented interviews of the victim, alleged perpetrator, and witnesses are conducted privately, separately, and are confidential. Each individual (victim, alleged perpetrator, and witnesses) will be interviewed separately and at no time will the alleged perpetrator and victim be interviewed together.

3. The investigator shall collect and evaluate the facts including, but not limited to:
   - Description of incident(s) including nature of the behavior, context in which the alleged incident(s) occurred, etc.;
   - How often the conduct occurred;
   - Whether there were past incidents or past continuing patterns of behavior;
   - The relationship between the parties involved;
   - The characteristics of parties involved (i.e., grade, age, etc.);
   - The identity and number of individuals who participated in bullying or harassing behavior;
   - Where the alleged incident(s) occurred;
   - Whether the conduct adversely affected the student’s education or educational environment;
• Whether the alleged victim felt or perceived an imbalance of power as a result of the reported incident; and
• The date, time, and method in which the parents/legal guardians of all parties involved were contacted.

4. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances and includes:
   • Recommended remedial steps necessary to stop the bullying and/or harassing behavior; and
   • A written final report to the principal/instructional leader.

5. The maximum of 10 school days shall be the limit for the initial filing of incidents and completion of the investigative procedural steps. The highest level of confidentiality possible will be upheld regarding the submission of a complaint or a report of bullying and/or harassment, and the investigative procedures that follow.

Scope

A principal/instructional leader or designee will assign a designee(s) that is trained in investigative procedures to initiate an investigation of whether an act of bullying or harassment is within the scope of jurisdiction of FLVS. Computers without web-filtering software or computers with web-filtering software that is disabled shall be used when complaints of cyberbullying are investigated.

The trained designee(s) will provide a report on results of investigation with recommendations for the principal/instructional leader to decide if an act of bullying or harassment falls within the scope of jurisdiction of FLVS.

1. If it is within scope of jurisdiction of FLVS, move to procedures for investigating bullying or harassment.

2. If it is outside scope of jurisdiction of FLVS, and determined a criminal act, refer to appropriate law enforcement.

3. If it is outside the scope of jurisdiction of FLVS, and determined not a criminal act, inform parents/legal guardians of all students involved.

Procedures for Providing Immediate Notification to the Parents/Guardians of a Victim of Bullying or Harassment and the Parents/Legal Guardians of the Perpetrator of an Act of Bullying or Harassment As Well As, Notification to All Local Agencies Where Criminal Charges May Be Pursued Against the Perpetrator

The principal/instructional leader, or designee, shall promptly report via telephone, personal conference, and/or in writing, the occurrence of any incident of bullying or harassment as defined by this policy to the parent or legal guardian of all students involved on the same day an investigation of the incident(s) has been initiated. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).

If the bullying or harassment incident results in the perpetrator being charged with a crime, the principal/instructional leader, or designee, shall by telephone or in writing by first class mail, inform parents/legal guardian of the victim(s) involved in the bullying or harassment incident about the Unsafe School Choice Option (USCO) (section 9532 of the Elementary and Secondary Education Act [ESEA] of 1965, as amended by the No Child Left Behind Act of 2001) that states “...a student who becomes a victim of a violent criminal offense, as determined by state law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary school or secondary school within the local educational agency, including a public charter school.”
Once the investigation has been completed and it has been determined that criminal charges may be pursued against the perpetrator, all appropriate local law enforcement agencies will be notified by telephone and/or in writing.

A Procedure to Refer Victims and Perpetrators of Bullying or Harassment for Counseling

FLVS procedure will establish a protocol for intervening when bullying or harassment is suspected or when a bullying or harassment incident is reported. The procedure shall include:

1. A process by which the teacher or parent/legal guardian may request informal consultation with school staff (specialty staff, i.e., school counselor, school psychologist, etc.) to determine the severity of concern and appropriate steps to address the concern (the involved students’ parents or legal guardian may be included).

2. A referral process to provide professional assistance or services that includes:
   a) A process by which school personnel or parent/legal guardian may refer a student to the school intervention team (or equivalent school-based team with a problem-solving focus) for consideration of appropriate services. (Parent or legal guardian involvement is required at this point.)
   b) If a formal discipline report or formal complaint is made, the principal/instructional leader or designee must refer the student(s) to the school intervention team for determination of counseling support and interventions. (Parent or legal guardian involvement is required at this point.)

3. A school-based component to address intervention and assistance as determined appropriate by the intervention team that includes:
   a) Counseling and support to address the needs of the victims of bullying or harassment;
   b) Research-based counseling/interventions to address the behavior of the students who bully and harass others (i.e., empathy training, anger management); and/or
   c) Research-based counseling/interventions, which includes assistance and support provided to parents/legal guardians, if deemed necessary or appropriate.

A Procedure for Including Incidents of Bullying or Harassment in the School’s Report of Data Concerning School Safety and Discipline Data Required Under S. 1006.09(6), F.S.

The report must include each incident of bullying or harassment and the resulting consequences, including discipline and referrals. The report must include, in a separate section, each reported incident of bullying or harassment that does not meet the criteria of a prohibited act under this policy (reported as “unsubstantiated bullying” or “unsubstantiated harassment”) with recommendations regarding such incidents (cyberbullying incidents are to be included within the bullying incidents category).

FLVS will utilize Florida’s School Environmental Safety Incident Reporting (SESIR) Statewide Report on School Safety and Discipline Data, which includes bullying and harassment as incident codes as well as bullying related as a related element code. The SESIR definition of bullying is systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees that is severe or pervasive enough to create an intimidating, hostile, or offensive environment; or unreasonably interfere with the individual’s school performance or participation. The SESIR definition of harassment is any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal, or physical conduct that 1) places a student or school employee in reasonable fear of harm to his or her person or damage to his or her property, 2) has the effect of substantially interfering with a student’s educational performance, opportunities, or benefits, or 3) has the effect of substantially disrupting the orderly operation of a school including any course of conduct directed at a specific person that causes substantial emotional distress in such a person and serves no legitimate purpose.

If a bullying or harassment incident occurs, then it will be reported in SESIR with either the bullying or
harassment code. If the **bullying** or **harassment** results in any of the following incidents, the incident will be coded appropriately using the relevant incident code AND the related element code entitled **bullying related**. Those incidents are:

- Alcohol
- Arson
- Battery
- Breaking and Entering
- Disruption on Campus
- Drug Sale/Distribution Excluding Alcohol
- Drug Use/Possession Excluding Alcohol
- Fighting
- Homicide
- Kidnapping
- Larceny/Theft
- Robbery
- Sexual Battery
- Sexual Harassment
- Sexual Offenses
- Threat/Intimidation
- Trespassing
- Tobacco
- Vandalism
- Weapons Possession
- Other Major (Other major incidents that do not fit within the other definitions)

Discipline and referral data will be recorded in Student Discipline/Referral Action Report and Automated Student Information System.

FLVS will provide bullying or harassment incident, discipline, and referral data to the Florida Department of Education in the format requested, through Surveys 2, 3, and 5 from Education Information and Accountability Services, and at designated dates provided by the department. Data reporting on bullying, harassment, unsubstantiated bullying, unsubstantiated harassment, sexual harassment, and threat/intimidation incidents, as well as any bullying-related incidents that have as a basis sex, race, or disability should include the incident basis. Victims of these offenses should also have the incident basis (sex, race, or disability) noted in their student record.

**A List of Programs Authorized By FLVS That Provide Instruction to Students, Parents/Legal Guardians, Teachers, School Administrators, Counseling Staff, and School Volunteers on Identifying, Preventing, and Responding to Bullying or Harassment, Including Instruction on Recognizing Behaviors That Lead to Bullying and Harassment and Taking Appropriate Preventative Action Based on Those Observations**

FLVS ensures that schools sustain healthy, positive, and safe learning environments for all students. It is important to change the social climate of the school and the social norms with regards to bullying or harassment. Students, parents/legal guardians, teachers, school administrators, counseling staff, and school volunteers shall be given instruction, at a minimum, on an annual basis on the district's policy and regulations against bullying and harassment. The instruction shall include evidence-based methods of preventing bullying and harassment, as well as how to effectively identify and respond to bullying or harassment in schools.
FLVS provides the following list of authorized programs including, but not limited to:

Decisions to include additional instructional programs or activities, not previously listed within this policy, will be made on a case-by-case basis, and authorized by individual school principals.

**A Procedure for Regularly Reporting to a Victim’s Parent/Legal Guardians the Legal Actions Taken to Protect the Victim**

The principal/instructional leader or designee shall by telephone and/or in writing report the occurrence of any incident of bullying or harassment as defined by this policy to the parent/legal guardian of all students involved on the same day an investigation of the incident has been initiated. According to the level of infraction, parents/legal guardians will be notified by telephone and/or writing of actions being taken to protect the child. The frequency of notification will depend on the seriousness of the bullying or harassment incident. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).

**A Procedure for Publicizing the Policy Which Must Include Its Publication in the Code of Student Conduct and in All Employee Handbooks**

At the beginning of each school year, FLVS shall, in writing, inform school staff, parents/legal guardians, or other persons responsible for the welfare of a student of FLVS’ student safety and violence prevention policy.

FLVS shall provide notice to students and staff of this policy through appropriate references within the Student Code of Conduct and employee handbooks, and/or through other reasonable means. FLVS shall also make all contractors contracting with FLVS aware of this policy.

Each school principal/instructional leader shall develop an annual process for discussing the FLVS policy on bullying and harassment with students in a student assembly or other reasonable format. Reminders of the policy and bullying or harassment prevention messages such as posters and signs will be displayed.

**Academic Integrity**

Academic integrity is one of the core values at FLVS and its county virtual schools. When academic integrity is maintained, students will make decisions based on values that will prepare them to be productive, meaningful, and ethical citizens.

**What is academic integrity?**

Academic integrity means that all work you submit is created by you and is an original representation of your work. It means that what you submit is your own work. According to *The School for Ethical Education*, academic integrity can be defined by honest academic work where:
- The ideas and the writing of others are properly cited;
- Students submit their own work for tests and assignments without unauthorized assistance;
- Students do not provide unauthorized assistance to others; and
- Students report their research or accomplishments accurately.

**Why is academic integrity important?**

- You are earning credit for learning material for which you have not demonstrated mastery.
- You may be violating the law.
Academic Integrity: An Overview

FLVS takes the integrity and authenticity of student work very seriously. Do not cut, copy, or plagiarize internet content or the work of your online classmates. FLVS instructors utilize technologies to check for authenticity. Copying, knowingly allowing others to copy from you, and/or misusing the internet content could result in removal from your course. Academic integrity is the cornerstone of learning at FLVS. Because of its preeminence in all our instruction, there are a variety of tools that we use in ensuring the integrity of student work.

Among these tools are:

1. Plagiarism Detection Tool
   a. This internet tool compares student work against a variety of databases. The FLVS Learning Management System is now integrated with Plagiarism Detection System and most work is automatically uploaded to the system. This database compares students’ work against other students’ work, as well as work found on the Internet.

2. Academic Integrity Database
   a. FLVS maintains its own database of student integrity incidents. This database is used to monitor the number of student integrity issues.

3. Teacher Expertise
   a. FLVS instructors have extensive classroom experience. Their expertise is often a guide in identifying the level of originality in student work.

4. Discussion-based Assessments (DBAs)
   a. As a means of ensuring comprehension and integrity, each course contains built-in assignments that are designated to be completed verbally during a discussion between a teacher and student. A student who does not complete and pass every DBA in the course is ineligible for course credit. Additional discussions may be conducted randomly throughout the course to assess mastery of content and authenticity of student work.

5. Proctored Exams
   a. FLVS may, at its discretion, require a proctored segment exam for any student on a situational basis. Academic Integrity proctored exams must be successfully passed (grade of 59.5 percent or higher) on the first attempt in order for a student to be eligible for course credit.

6. Random Proctored Exams
   a. Students may be randomly chosen to take a proctored segment exam.

7. Academic Integrity Hotline/Email
   a. Community members, school counselors, parents and students can call or email to report any academic integrity related issue anonymously.

Academic Integrity Contact

407-513-3341 or 866-943-3050 (toll free) or academicintegrity@flvs.net

Student Broker

House Bill 7063 Digital Learning Act signed into Law and in effect as of July 1, 2012. The bill provides that it is unlawful for any person to knowingly and willfully take an online course or examination on behalf of another person for compensation. Violators commit a misdemeanor of the second degree, punishable by a term of imprisonment for up to 60 days or a fine of $500.

What are the consequences for failing to maintain academic integrity in an FLVS class?

A variety of consequences will be administered if you fail to maintain academic integrity in your course. These consequences range from a reduced score on an assignment up to expulsion from FLVS coursework for up to one year. Additionally, final grades may be rescinded if you are found to have copied or plagiarized after the grade has been posted to your transcript. See Matrix below.

Failure to identify an academic integrity violation early in a course does not preclude the student from advanced consequences which could include retaking proctored final exams in order for original grade to remain on transcript.

*The FLVS Academic Integrity Matrix applies to all programs and instructional models under the Florida Virtual School umbrella. This includes, but is not limited to FLVS Flex, FLVS Full Time, FLVS County Virtual Schools, FLVS Global School, and FLVS Elementary programs.*

**Incidents involving more than one assignment may have additional consequences at the discretion of the Academic Integrity Manager.**

**Academic Integrity: Roles and Responsibilities Student**

The student’s role at Florida Virtual School is to learn to the best of his/her ability. Therefore, students should expect to take age-appropriate individual responsibility for their own learning, such as: applying themselves to their studies in a focused and serious manner, working hard, becoming engaged in the lessons and activities, asking questions, exploring their personal interests, improving areas of academic weaknesses, and capitalizing on strengths—and at all times completing their own work and upholding the principles of the FLVS Academic Integrity Policy.

**Students are responsible for submitting and protecting their own, original work.**

FLVS students will maintain academic integrity in their FLVS classroom by:

- Reading and signing the academic integrity statement and completing an academic integrity module as part of the enrollment process.
- Participating in a welcome call that includes components of our academic integrity program.
- Participating in discussion-based assessments and following the required FLVS protocol as part of each course. FLVS protocol stipulates discussion-based assessments are completed between student and instructor only, free of outside influence, assistance or disruptions.
• Asking questions regarding academic integrity if they are unsure.
• Safeguarding their own work. Responsibilities include but are not limited to:
  • Students will not share work with any other student
  • Students will not share their username and/or password
  • Students will utilize a USB drive to save work instead of a shared computer
• Taking a proctored segment exam when asked to do so.

Parents/Guardians

Parents/Guardians are our partners in supporting student learning and play a key role in their student’s success in any learning environment, but even more so at FLVS. Parents/guardians are responsible for monitoring student work to ensure compliance with the FLVS Academic Integrity Policy.

Parents/Guardians of FLVS students will help maintain academic integrity in the FLVS classroom by:
• Reviewing and signing the academic integrity statement as part of the enrollment process
• Participating in a welcome call that includes components of our academic integrity program
• Ensuring that their student’s work is authentic and original
• Ensuring that FLVS protocol regarding discussion-based assessments is adhered to as referenced above in student responsibilities
• Understanding the student's proctored segment exam requirements. Failure of a student to take and pass a segment exam with a proctor will result in removal of course with a failing grade

Teachers

The subject-specific teacher is the primary contact for students and parents/guardians with regard to subject-specific questions. These teachers are qualified to provide instructional intervention strategies as needed and to handle the following instructional questions:

• Curriculum or materials
• Course scope and sequence
• Modification of assessments for students with documented special needs
• Testing
• Grading and progress reports
• Help with a particular assessment or concept

Teachers proactively monitor each student’s progress using our Student Information System, Learning Management System and through regular contact via phone, texting, email, and synchronous Live Lessons. Teachers score assessments and provide feedback on the student’s performance through formal means (assessment grades, comments and regular progress reports) as well as informal means (phone calls and online communication). Depending on a student’s needs and grade level, teachers provide instruction in different ways. Generally, students will have a different subject-specific teacher for each course.

FLVS Teachers will uphold academic integrity in their classroom by:
• Acting as a resource for student questions.
• Submitting various assignments in the plagiarism detection tool.
• Submitting FLVS academic integrity incidents when applicable.
• Collaborating with the Academic Integrity team member and/or Instructional Leader for any academic integrity concerns.
• Verifying student mastery of content through discussion-based assessments and authentic assessments.
• Participating in required trainings or staff development.
• Including academic integrity resources on announcement pages and in welcome calls.
School Administrators

The school administrator is responsible for the administration of the school and for ensuring that students are provided with the support and assistance they need, in accordance with FLVS standards of excellence. For any concerns or comments, your school administrator’s contact information can be found on the front page of your course website.

FLVS school administrators will help maintain academic integrity in the FLVS classroom by:
- Supporting academic integrity in each course they oversee.
- Ensuring that all teachers participate in academic integrity initiatives.
- Supporting the administration of consequences.
- Providing support to the Academic Integrity Manager, Investigator, and the Instructional Staff.

Customer Grievance Procedures (how to voice your concerns)

FLVS is committed to providing personalized instruction for every student. These are our core beliefs:
- Every student is unique, so learning should be dynamic, flexible, and engaging.
- Studies should be integrated rather than isolated.
- Students, parents, community members, and schools share responsibility for learning.
- Students should have choices in how they learn and how they present what they know.
- Students should be provided guidance with school and career planning.
- Assessments should provide insights not only of student progress but also of instruction and curriculum.

Every staff member at FLVS is committed to providing the most engaging experience possible. However, there may be times when a student, parent, or legal guardian may have a concern. Most problems can be solved if student or parent/guardian speaks directly with the instructor or staff member involved.

If a student feels uncomfortable speaking with his/her instructor, our Customer Care Representatives are available to serve you. They can be reached at 407-513-FLVS. Our Customer Care Representatives will forward your concern to an appropriate member of our instructional support team. This team consists of School Counselors and School Administrators among others.

The Principal will make every effort to resolve your concern. In the event that a solution is not found, you (or your representative) may file a grievance. The written grievance should contain the following information:

- Name of the student
- Name of the instructor or staff member
- Date of the grievance, dispute, or dissatisfaction
- Desired outcome

The written grievance should be addressed and submitted to the Director over Academic Integrity. In the event the Director over Academic Integrity cannot resolve the disagreement, the grievance will be forwarded to the Executive Director of FLVS Full Time. The decision of Executive Director of FLVS Full Time is final and shall be given to the customer in writing within 72 hours. The Board of Trustees of Florida Virtual School will be informed when an issue arises from the grievance that may affect FLVS policy and/or community relations.

Implementation of this procedure does not prevent FLVS from taking any necessary action to protect an individual from physical or mental harm, neglect, or abuse.
Acceptable Use Policy

Internet access is required for all FLVS students, but access must be used in a responsible, safe, efficient, ethical, and legal manner. With expanded access to electronic information, availability of inappropriate material is not uncommon. Some sites contain illegal, defamatory, inaccurate, or offensive information.

Although it is impossible to control such misuses, we believe that with responsible use, the benefits of the Internet as an educational tool outweigh the negatives. We especially appreciate partnering with parents to teach responsible Internet use. Please review the following netiquette rules and FLVS expectations carefully:

- Students are responsible for good behavior on the FLVS network, just as they are in a traditional school building. Always use a computer in a way that shows consideration and respect. It is illegal to use obscene, profane, threatening, or disrespectful language. (s. 847.001, F.S. Obscene Literature; Profanity).
- We take integrity and authenticity of student work very seriously at FLVS. Do not cut, copy, or plagiarize Internet content or the work of your online classmates. FLVS instructors do utilize technologies to check for authenticity. Copying, knowingly allowing others to copy from you, and/or misusing Internet content could result in removal from our courses.
- Security is a high priority, especially when the system involves many users. If you identify a security problem in the school's computers, network, or Internet connection, notify a system administrator.
- It is illegal to create harmful computer viruses. (s. 815.001, F.S. Computer-Related Crimes).
- Email is not private. Never say anything via email that you wouldn't mind seeing on the school bulletin board or in the local newspaper.
- Beware of emails from anyone, particularly adults you don’t know, asking for personal information, attempting to arrange meetings, or engaging in personal contact. Alert your teacher or other Florida Virtual School employee of any message you receive that is inappropriate or makes you feel uncomfortable.
- Email with your online classmates should be course related. It is prohibited to send unsolicited non-academic email to your online classmates.
- Email addresses or Live Lesson log-in names that use profanity or may be construed as offensive, shall not be permitted for FLVS correspondence. FLVS administration reserves the right to determine if student email addresses are inappropriate. When necessary, students will be asked to use an alternative email address or may be refused participation in FLVS courses.
- Protect your password. Keep it secret from anyone except your parents.
- Inappropriate Texting/Messaging: Photographs or videos sent via computer, cell phone, or any other electronic device which depict nudity, or any other inappropriate content, are prohibited (s. 847.0141, F.S. Sexting).
- Dress Code Policy: When attending any meeting or student gathering affiliated with FLVS (virtual or face to face), clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the orderly learning environment is not permitted.
- Florida Virtual School assumes no responsibility for any phone charges, line costs, or usage fees for connectivity to the Internet.

Florida Virtual School administrators will cooperate fully with local, state, or federal officials in any investigation related to any illegal activities conducted through Internet access. In the event there is a claim that you have violated this policy, you will be provided with notice of the suspected violation and have an opportunity to present an explanation. Any violations by the student or parent/guardian may result in removal from FLVS course(s), as well as other disciplinary or legal action.

Civility Code

In order to maintain an orderly, respectful, and secure virtual educational environment, it is essential that all students, parents/guardians, teachers/staff, and other stakeholders maintain respectful interactions and adhere to the expected civil conduct. FLVS is dedicated to providing personalized learning solutions for all students, and the presence of a positive partnership between all students, parents/guardians, faculty and staff is vital in this process. In an effort to ensure that we are all focused on student learning and helping students to reach their full potential, we ask that all parties conduct themselves in a respectful and orderly manner at all times.

No person shall:
- Use profanity or make threats toward school staff or other students in any verbal or written communication.
- Intentionally cause any physical/emotional harm toward another person or threaten to do so.
• Intentionally damage or destroy any school property (both physical and electronic) or the property of any student, faculty, or staff member.
• Disrupt the orderly conduct of classes, school programs, or other activities.
• Intimidate, harass, or discriminate against any person on the basis of race, color, creed, national origin, age, gender, sexual orientation, or disability.
• Refuse to comply with any reasonable request of identifiable school officials performing their duties.
• Willfully incite others to commit any acts prohibited by law.
• Violate any federal or state statute.

Any violation of the Civility Code shall be reported to Professional Standards for review and action. The school and Board of Trustees reserve the right to pursue a civil or criminal legal action against any person violating the Civility Code.

School Event Guidelines

When attending any meeting or student gathering affiliated with FLVS, clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the orderly learning environment is not permitted. Alcohol, drugs, tobacco products, firearms, fireworks/firecrackers, pornographic materials, and any other items that would place students in violation with the Code of Conduct based on the offenses listed in Levels 1-4 above are strictly prohibited during any FLVS sponsored face-to-face event.

In an effort for face-to-face events to be safe and meaningful for our students, as well as to maintain the positive reputation of FLVS, students and their families are expected to exhibit respectful behavior aligned with the expectations set forth by the Code of Conduct. FLVS reserves the right to exclude students from face to face events due to prior acts of misconduct or acts of misconduct occurring during a face-to-face event. FLVS reserves the right to ask students and their families to leave an event sponsored by FLVS if they are in violation of the Code of Conduct.

In order to attend face-to-face events, the parent/guardian must follow the steps in place set by the program. This may include, but is not limited to, ticket purchases and/or forms to complete and submit.

The School Board recognizes that the privacy of students or their belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner.

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Such spaces remain the property of the Board and, in accordance with law, may be the subject of search upon reasonable suspicion that a prohibited or illegally possessed substance or object is contained therein. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have such an expectation of privacy as to prevent examination by a school official.

School authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search the person or property, including vehicles, purse, backpack, or other personal possessions of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

Strip searches of students by school personnel are prohibited.

The Board also authorizes the use of canines, trained in detecting the presence of drugs or devices when the Superintendent has reasonable suspicion that illegal drugs or devices may be present in a school. This means of detection shall be used only to determine the presence of drugs in locker areas and other places on school property where such substances could be concealed. Canine detection must be conducted by law enforcement authorities and is not to be used to search individual students unless a warrant has been obtained prior to the search.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the
Principal who shall seek the freely offered consent of the student to the inspection. Whenever possible, a search will be conducted by the Principal in the presence of the student and a staff member other than the Principal. A search prompted by the reasonable belief that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

The Principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

**Due Process**

All students enrolled in FLVS Full Time are expected to conduct themselves in accordance with the rules for the school, and parents are expected cooperate with the school staff in helping students to maintain this conduct. Student codes of conduct are set forth in this handbook. School students are also guaranteed due process of law as required by the 14th Amendment to the Constitution.

**Due Process for Students**

The following actions will be conducted by the school, per each of the disciplinary measures as outlined below:

1. **Suspension (no more than 10 days)**
   - An informal hearing will be convened with the student, parent, school principal and other staff members as appropriate. At this hearing, the student will be provided all due process as required by law. The school principal will inform the student and parent of the charges. If the student does not admit to the charges, he/she will be provided an explanation of the evidence. The student will be provided with an opportunity to present his/her version of the occurrence. If the school principal determines that the occurrence justifies suspension, written notice will be sent to the student and parent.

2. **Suspension of an additional 10 days, or an expulsion**
   - If a principal believes that a student has committed an offense that might require expulsion, the principal may suspend the student for up to 10 days pending a hearing. During this time, the principal will request a board hearing to discuss the possible expulsion of the student. The parent(s) will be notified of due process rights including the right to appear at the board hearing and to present the student’s side of the case. The parent(s) will be notified of the date, time, and place of the hearing at least five days prior to the hearing.

The chief administrative officer of the sponsoring school district must approve the decision and may authorize a formal expulsion hearing. This hearing will be convened by the district, and will include the student, parent, school principal, and other staff members as appropriate. At this hearing, the charges will be reviewed and if the charges are not admitted to, the student and parent shall be provided with an explanation of the evidence. The student will be provided with an opportunity to present his/her version of the occurrence. The hearing officer appointed by the Board of Trustees will determine the expulsion or recommend an alternative. Hearing request must be made within five school days or chief administrator will take final action.

**Due Process for Parents**

Parents/guardians who believe their student(s) may have been subjected to inappropriate behavior by anyone affiliated with FLVS should immediately contact the school leadership or FLVS Professional Standards at 407-513-3692 to report any concerns. Next steps for Due Process will come from FLVS Professional Standards.

**Disciplinary Action for Students with Disabilities**

Students with disabilities are not exempt from consequences for violations of the code of student conduct. School personnel may consider any unique circumstances on a case-by-case basis when determining whether a
change in placement is appropriate for a student who has a documented disability (IDEA or Section 504) and violates the code of student conduct. If it is determined that the behavior is in fact a manifestation (result) of the student's disability, the consequences outlined in the student code of conduct may be deemed inappropriate and consideration will be given to implementation of strategies and supports that will reduce the likelihood that inappropriate behavior occurs in the future and encourage more socially acceptable behaviors within the school setting.

In cases of severe violations of the district’s code of student conduct, school personnel may remove and place such student in an interim alternative educational setting for not more than 45 school days, without regard to whether the behavior is determined to be a manifestation of the student’s disability, if the student:

1. Carries a weapon to or possesses a weapon at school, on school premises, or at a school function under the jurisdiction of the school district;
2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of the school district; or
3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the school district.

Suspension and Expulsion

Suspension

When a student is suspended, he/she is temporarily removed from class (the Learning Management System) or a school-sponsored program or activity. The length of a suspension is determined by the school administrator (up to 10 days at a time). A suspension will be documented in writing.

During a period of suspension as defined by the school principal, a student’s permission to log on to and/or use parts of Student Information System and Learning Management System is restricted.

Student access to both systems may be revoked. In such cases where the student’s access is completely revoked, the parent/guardian is responsible for logging on to Learning Management System and obtaining the student’s assignments, responding to email, and recording assessment responses for the student. The student should continue with his/her schoolwork during a suspension.

Expulsion

If a student enrolled in FLVS violates any provision and/or expressed rule in the Student Parent Handbook or Student Progression Plan, FLVS reserves the right to initiate pre-expulsion hearings to determine probable cause. If FLVS determines the student may be expelled, the legal guardian may request an appeal by contacting FLVS Professional Standards 407-513-3692.

When a student is expelled, he/she is separated from the school for an extended period of time, or permanently, for disciplinary reasons. An expulsion will be documented in writing.

Violations that may lead to expulsion include, but are not limited to, any behavior that indicates that a student is a serious threat to the safety of others, possession of firearms, dangerous weapons, bombs, or explosives, criminal behavior, arson, under the influence of or possession of, or sale of controlled substances or paraphernalia. Suspensions or expulsions for students designated as exceptional follow all appropriate state and federal policies, regulations, and laws.
