Introduction

Since 1997, FLVS has served students around the state, the country, and the world. FLVS has grown to be one of the largest public Kindergarten through 12th grade online providers in the country. Without the support of students and parents like you, reaching this milestone would not have been possible, and for that we thank you!

As online education evolves, FLVS continues to lead the way with creativity and innovation. These innovations and our successes throughout the years have not gone unnoticed. FLVS has been honored with numerous state, national, and international awards. These honors truly validate how FLVS lives its mission and vision every single day.

Student Profile for Success

FLVS recognizes that the following commitments/skills facilitate student success in the online educational environment:

- **Communication** – Students are required to communicate with their instructors for a variety of reasons. Students will be required to talk to their teachers via telephone and/or online classroom. Students should respond to their teachers in a timely fashion.
- **Live Lessons** – Students should make efforts to attend and participate in their course Live Lessons. Attendance and participation in Live Lessons leads to student success in courses.
- **Academic Integrity** – FLVS requires the original work of all students and in so doing, prohibits plagiarism of the work of others and cheating. Students shall be expected to properly cite the origin of work that is not the student's own. If work content, other than commonly known facts, is not properly cited, attributed, or credited, the work may be determined to be plagiarized.
- **Self-Motivation** – Students should exhibit self-motivation as they must direct their own learning environment and procedures to fulfill course requirements enabling them to achieve individual academic success.
- **Independent Learning Style** – Students should be able to work independently and be able to contact their instructor for support as needed.
- **Computer Literacy** – Students should possess basic computer skills such as utilizing email, maneuvering through the Internet, as well as basic keyboarding skills.
- **Time Management Skills** – Students must be capable of organizing and planning their time frame for learning. Students can access their coursework whenever it is best for them, but they must set aside an adequate and realistic amount of time to complete course requirements.
- **Pace** – Students should follow the pacing guides for course modules as well as individual assignments. These guides can be personalized by the student's teacher to assist the

student to manage time realistically and effectively to complete coursework. Students are expected to work in their courses regularly each week.

- **Effective Written Communication Skills** – Students must be able to use email, discussion boards, and essay type questions to communicate with their instructors and peers. The ability to write clearly and communicate ideas and assignments is essential. Students in earlier elementary grades may need additional parent or learning coach support when writing/typing in their courses.
- **Reading Competency** – Students must read at or near grade level to be successful in understanding the material presented as all coursework is delivered online in written format. Students in earlier elementary grades may need additional parent or learning coach support when reading through the coursework.
- **Personal Commitment** – Students must have a personal desire to learn and achieve knowledge and skills via online courses because this learning environment is unique as students are not bound to the structure of a traditional school setting.

Successful online students are those who decide for themselves that online learning is a choice they have made.

District Organization

FLVS is a public school district in the state of Florida and has several different types of school options to serve Kindergarten-12th grade students.

FLVS Flex K-12 Exceptional Student Education (ESE)

Students with disabilities or impairments enrolled in FLVS Flex must work with their district of enrollment to receive any necessary ESE services, related services, evaluations, annual reviews, re-evaluations, and initial eligibility determinations. FLVS Flex does NOT provide any of these services or evaluations.

If a student has a disability or impairment, this should be indicated when prompted during registration at FLVS. Parents/guardians are responsible for providing FLVS a copy of the student's most current individual educational plan (IEP) or Section 504 Plan. These documents should be submitted directly to FLVS by the parent/guardian. Directions to submit these documents are provided during registration and can be viewed at any time.

All students at FLVS have access to many accommodations that naturally occur in the virtual setting. FLVS may also be able to provide additional accommodations per a student's IEP or 504 Plan if the accommodation(s) is/are applicable to the online educational environment. Please note that some accommodations may not be possible to implement in the online educational setting. A parent/guardian/learning coach may need to provide some accommodations to the student on their own while the student is working in their home setting at FLVS Flex. ESE Specialists are available at FLVS Flex to assist students, parents, and teachers with suggestions for accommodating students in an online classroom. Please note that FLVS is a fully virtual educational environment. All materials for curriculum, assignments, and assessments are presented online and therefore do not exist in the format of a textbook, workbook, etc. Certain materials may be printed from courses as allowable per FLVS policy.

Our goal is to provide an exemplary educational experience for our students. FLVS is a school of choice and should be considered only if the online educational delivery context is the student's Least Restrictive Environment (LRE), and therefore the most appropriate choice based on the unique needs of the student. All students are required to follow the instructional policies enforced at FLVS and must agree to such upon registration. This includes requirements such as, but not limited to, the following: course completion, discussion-based assessments, communication, proctored exams, academic integrity policies and procedures, etc. In order to have a successful experience in the online educational environment, all students should meet the Profile for Success set forth by FLVS.

Please note that FLVS does not provide any Access Points of the Florida State Standards which provide modified curriculum and assessment options for students with intellectual disabilities or significant cognitive disabilities. FLVS teachers are unable to make changes to courses or alter the course format to provide such modifications. Placing a student in a lower grade level online course is not a viable option for students in need of modified curriculum and assessment options. Parents are encouraged to discuss Access Point options that are available in the district of record for students with significant cognitive disabilities who need reduced levels of complexity/reduced academic expectations.

FLVS Flex English Language Learner (ELL)

ELL at FLVS

ELLs are provided with equal access to all FLVS courses. Upon enrollment ELLs are asked to self-report as an ELL and submit ESOL documentation to the ESOL team at ESOLTeam@flvs.net. Teachers use ESOL strategies to make courses and instruction comprehensible. All courses are delivered in English. Students are required to complete Welcome Calls, Discussion Based Assessments (DBAs) and assignments in English. Appropriate accommodations are provided to ELLs based on their ESOL Level. All students at FLVS have access to many accommodations that naturally occur in the virtual setting. In the FLVS Flex program if the student is registering as Home Education or Local District Virtual Programs, the family must work with their district of enrollment to request any necessary English proficiency assessments. FLVS Flex does NOT provide any of these services or evaluations. Open communication between student/parents and teachers is vital to the students' success. Please view the [FLEX ESOL Welcome Packet](#) for more information.

Stakeholder Roles and Responsibilities

Parent or Legal Guardian – FLVS Flex K-12

Parents/guardians play a key role in their student's success in any learning environment, but even more so at FLVS. It is the expectation of FLVS that parents/guardians will be involved in their child's learning by participating in the welcome call with each course teacher. During this call, the parents/guardians are introduced to the requirements of the course and begin building strong teacher-student-parent relationships. In order to be kept informed of student progress, parents/guardians will also need to be available for a monthly contact with each of their student's teachers and will have the ability to choose a preferred method of contact (phone, email, text, Zoom).

Parents/guardians should encourage their child to consistently work in his/her courses weekly to maintain pace and view on-going teacher feedback. Additionally, parents/guardians should contact the student's teachers to keep them informed of vacations or extended absences. Parents/guardians need to ensure their student is making continuous learning gains weekly, which can be monitored through a parent/guardian account in the Student Information System. Directions for creating an account are provided here:

<https://www.flvs.net/flex/resources/parent-guardian-account>. Lastly, parents/guardians are also responsible for monitoring student work to ensure compliance with Academic Integrity [flvs.net/academic-integrity](https://www.flvs.net/academic-integrity).

FLVS will provide access to a student's records to the parent of any student who is enrolled in our program after the student turns 18 years of age. Students 18 years of age or older may submit a formal request specifically directing FLVS to restrict parent's access. Should a student choose to invoke that right, the parent would then need to provide his/her tax return evidencing the student is a current dependent to gain access back to the student's records. To discuss this option, contact the FLVS School Counseling team at: teamcounselor@flvs.net.

Student – Flex K-12

The student's role at FLVS is to learn to the best of his/her ability. Therefore, students should expect to take age-appropriate individual responsibility for their own learning, such as: applying themselves to their studies in a focused and serious manner, working hard, becoming engaged in the lessons and activities, asking questions, exploring their personal interests, improving areas of academic weaknesses, and capitalizing on strengths—and at all times, completing their own work and upholding the principles of the [FLVS Flex - Academic Integrity](#).

Recommended Elementary Instructional Hours

To meet the state's requirements, families should aim to complete the following minimum hours of schooling each week which includes activities on and offline activities:

Kindergarten, 1st grade, 2nd grade, and 3rd grade:

- Recommended Hours per Day - 4
- Recommended Hours per Week - 20

4th and 5th grade:

- Recommended Hours per Day - 5

- Recommended Hours per Week - 25

School Principal/Instructional Leader (IL)

This individual is responsible for the administration of the school and for ensuring that students are provided with the support and assistance they need, in accordance with FLVS standards of excellence. For any concerns or comments, your Instructional Leader's contact information can be found on the announcement page of your course website.

Flex School Counselor

FLVS School Counselors focus their primary support on our home education population. Each homeschooled student has an FLVS School Counselor based on the student's location in the state of Florida. The School Counselor can assist students and parents/guardians with course selection, college and career planning, interpersonal counseling, and general academic guidance. A School Counselor or other qualified team member is available to assist with high school credit or college/career questions and help with other post-high-school plans including the military or the workforce. Since FLVS Flex School Counselors do not have access to traditional school student records, FLVS Flex program public and private school students are recommended to utilize their traditional school-based counselor for most of their counseling needs.

Student Services Team

Florida Virtual School's Student Services Department encompasses programs and professionals that provide prevention and intervention services to students in grades K-12. Services center around students' skill development and is delivered by an integrated team of student services professionals who are uniquely trained to address the academic, personal/social, and mental health needs of **all** students.

Florida Virtual School's Student Services team is comprised of Certified School Psychologists, Certified School Social Workers and Licensed Mental Health Counselors. These professionals work to meet the unique mental health needs of students by providing Brief Solution Focused Counseling and linking families to outside services.

Our team works collaboratively with school-based counselors and administrators to help meet the unique social/emotional and mental health needs of students. We also believe parents/guardians are an integral part of meeting the student's needs and our team encourages students to discuss issues relating to their well-being with parent(s)/guardian(s).

Teacher

The subject-specific teacher is the primary contact for students and parents/guardians about subject-specific questions. These teachers are qualified to provide instructional interventional strategies as needed and to handle the following instructional questions:

- Curriculum or materials
- Course scope and sequence
- Accommodations for assignments / assessments for students with documented special needs
- Testing
- Grading and progress reports
- Help with an assessment or concept

Teachers proactively monitor each student's progress using our Student Information System and Learning Management System and through regular contact via phone, texting, email, and synchronous Live Lessons. Teachers score assessments and provide feedback on the student's performance through formal means, such as assessment grades, comments, and regular progress reports, as well as informal means, such as phone calls and online communication. Depending on a student's needs and grade level, teachers provide instruction in different ways. Generally, students will have a different subject-specific teacher for each course.

FLVS Student / Parent Media Release Form

FLVS is proud to promote the success of its students, staff, and programs. FLVS uses many innovative activities to support student learning. To illustrate these innovative activities, we may publish exemplary student stories and work that demonstrate learning in the online environment. These accomplishments may also draw the attention of newspapers, television stations, and other media who visit our learning environments to photograph, film and identify

students and staff during various activities. FLVS may also use names, images, and video clips of students in materials such as newsletters, website content and postings to our official social media platforms.

To restrict FLVS from featuring your student, please complete the Media Release Form during the registration process in VSA. If FLVS does not receive this form, your student may be included in highlights. A separate signature form is required for each child enrolled during the VSA registration process.

Teacher Qualification Information

All FLVS teachers are Florida Certified. If you have further questions about a teacher's qualifications, please contact an IL/Principal. The IL contact information can be found on any teacher's announcement page.

Letters of Recommendation

Students may request letters of recommendation as needed from teachers. However, the decision to write a letter of recommendation is at the teacher's discretion.

Student Support Teams

FLVS also has several support teams that are responsible for helping your student succeed. If your student needs additional support, please contact FLVS at 800-374-1430.

Student Organizations

FLVS offers a wide range and many opportunities and activities for students to get involved with their peers throughout the year. Students can find out more and get involved by viewing the Calendar at <https://www.flvs.net/student-resources/calendar/flex>.

Visit [flvs.net/myFLVS/get-involved/clubs](https://www.flvs.net/myFLVS/get-involved/clubs) for more information or to join one of the FLVS clubs.

When conducted under the name of the school or school district or any class or organization thereof, extracurricular activities shall be under the general supervision of the school authorities. School organizations and activities designed for students shall be approved by the IL/Principal. An instructional team member shall serve as a sponsor or advisor to each organization. Activities shall be integrated with and supplementary to the regular school program. The Code of Student Conduct shall apply to all such activities in Kindergarten-12th grade.

FLVS is proud to offer educational opportunities that extend beyond the virtual classroom with many involving field trips.

Cancellation of Field Trips / Meet-Ups

By signing and electronically submitting the Parent/Guardian Field Trip permission form, the parents/legal guardians affirm that he/she/they have approved the participation of their child in the school-sponsored academic or extracurricular field trip with full knowledge that:

- Florida Virtual School reserves the right to cancel a trip up to the departure date or to recall a trip in progress if national and/or international conditions so warrant or if security, health, and safety concerns over which FLVS had no control, or other reasons render it appropriate to cancel the trip. Florida Virtual School will take the following criteria into consideration when making its decision: (a) U.S. Department of State Travel Advisory; (b) Homeland Security Advisory (alert status)/Declaration of War or armed conflict; (c) Health Advisory (alert status); and/or (d) other reasons deemed necessary. Additionally, the critical judgment of Florida Virtual School, with input from the Executive Leadership Team/Director/Principal and trip organizer, will be taken into consideration.
- In such event that a trip must be cancelled, school officials will make a reasonable effort to obtain a refund of monies paid by students and parents. However, such refunds are not guaranteed. The student and parents understand that he/she/they may lose any and/or all the funds he/she/they have expended for the voluntary trip.
 - Student and Parents will be notified on a timely manner of the cancellation
 - If a refund has been deemed necessary parents/guardians paid into the trip will be notified
 - The funds processed may take 4-6 weeks before the parent/guardian will see their statement posted.
- The Senior Director or designee will alert the School Representatives to final deadlines regarding

required commitment of funds if there are national/international events/conditions/situations which might make FLVS to cancel or recall a trip due to safety concerns or other reasons.

For full details, see Appendix A and please visit our [Student Resource Center](#).

School Holidays

Although we do close our main office and FLVS personnel are off on certain holidays during the year, students can access their courses and maintain momentum in their learning, even when other schools are closed. Your FLVS course(s) will always be open and available, even on holidays.

NCAA

FLVS core course curriculum has been approved by [NCAA](#). Elective courses are not approved by NCAA as they are not part of their college entrance requirements. To see NCAA-approved courses, visit the [NCAA website](#) and enter your school information.

Accreditation

FLVS (the district) is accredited as a system by Cognia, and the various FLVS schools are accredited by Southern Association of College and Schools Council on Accreditation and School Improvement (SACS CASI). Our courses meet curriculum standards developed by the State of Florida, and all public institutions within Florida must provide Florida families the option to choose FLVS for courses.

Parent/Guardian Account

FLVS values parents and guardians as partners. From approving course requests to monitoring progress, the Parent/Guardian Account allows parents to have a hands-on approach with their student's academic life at FLVS.

With your Parent/Guardian Account you will have:

- 24/7 online access to submitted and/or graded assignments and your child's grade book
- Extensive access to teachers (8 a.m. to 8 p.m., Monday through Friday)

If Parent/Guardian would like another adult to have access to the student information, it is the responsibility of the Parent/Guardian to add this information in VSA.

How to create your Parent/Guardian Account

1. **Student Completes Application:** First, the student must complete the sign-up process at <https://www.flvs.net/flex/resources/parent-guardian-account>. Once the student has completed the online application, he/she will receive a Student Username/Password. You will need this Student Username/Password to create your Parent/Guardian Account.
2. **Follow the Instructions to Set Up Your Parent/Guardian Account:** We have created a video to demonstrate how to create your Parent/Guardian Account. To view the video, visit <https://www.flvs.net/flex/resources/parent-guardian-account>

Getting Ready for Florida Virtual School: Quick Tips

Get to Know the FLVS Policies

Take some time before the school year or class starts to become familiar with the policies in this handbook and the district [Student Progression Plan](#) (SPP). You are bound by the policies in this document and the SPP, so please refer to both documents throughout the year to ensure you follow FLVS policies and procedures.

Obtain Course Supplies

Each FLVS course contains an online Materials List that specifies what is needed for the course the student is taking. Use the Materials List to see which materials you need to supply yourself, such as pens and pencils, highlighters, note cards, file folders, notebooks, a ruler/protractor, novels for English courses, free software, additional items for some physical education courses, etc. You may also need to have printer paper, a printer, and printer ink cartridges.

Students wishing to take an FLVS course must have access to their own computer via school library, home, friend's house, or local library. Review the computer requirements listed on the next page. FLVS-provided materials are sent to the students, but the parent/guardian is responsible for returning it back to the school once the course has been completed.

- [Middle School Page](#) - The Flex/Full Time PDF Supplies List is linked [here](#)
- [Elementary School Page](#): The Flex PDF Supplies List is linked [here](#)

****Please Note: All outstanding non-disposable materials must either be returned or paid for prior to being placed in additional courses with FLVS. Students or parents may submit a Help Ticket at help.flvs.net if they have concerns related to outstanding materials. Any materials provided to students by FLVS are the student's responsibility and must be returned in good condition.**

Transfer Grades and Coursework

FLVS Flex **does not** accept transfer grades or transferred coursework. Students who withdraw from a traditional school prior to earning credit will need to repeat the entire semester/segment. FLVS Flex works in semester/segment credits only. In order to receive credit from FLVS Flex, students must complete the entire segment/semester of a course.

Set Up Your Learning Space and Computer Equipment

Once the necessary materials have been obtained, go ahead and set up your “learning area.”

Dedicate a Space for School Materials and Supplies

- Place your “learning area” in a quiet area that is free of distractions.
- Create a filing system for portfolio assessments, work, and important papers.
- Work with your parent/guardian to create a realistic weekly schedule for working on FLVS courses, being sure to account for weekly learning expectations.
- Be sure to review the minimum system requirements to ensure you are set up properly.

Meet Your Teacher and Explore Your Virtual School

Your teacher will contact you by phone when you are placed in a course to make introductions and discuss course expectations for the school year. If you want to get to know your teacher before that call, check out the course announcement page by clicking on the course name on the Student’s Information System Dashboard. The course announcement page will include some information about your teacher, how to contact the teacher and his/her Principal/IL, as well as some resources to help you succeed in the course. Now is also a good time to check out the Student Resource Center which includes many helpful links and resources for FLVS students and parents/guardians. These are great resources to review as you are getting ready to start your course at FLVS.

Course Information at FLVS

Curriculum and Instruction

FLVS is a public school. As such, it must adhere to the Florida Statutes that guide public school instruction. Although FLVS serves all students in the state, funding is provided by public tax dollars and FLVS is required to comply with the Florida Department of Education (FLDOE) policies. Regardless of whether a student is attending FLVS Flex or FLVS Full Time, Florida laws and policies must be honored. The statutes identified below are incorporated into all FLVS programs. Compliance will be dictated by the district and FLVS is required to teach, and students are required to meet, state curriculum standards as defined by the FLDOE. Florida State Standards establish the core content of the curricula to be taught in the state and specify the core content knowledge and skills that Kindergarten through 12th grade public school students are expected to acquire. Standards must be rigorous and relevant and provide for the logical, sequential progression of core curricular content that incrementally increases a student’s core content knowledge and skills over time. Curricular content for all subjects must integrate critical-thinking, problem-solving, and workforce-literacy skills; communication, reading, and writing skills; mathematics skills; collaboration skills; contextual and applied-learning skills; technology-literacy skills; information and media-literacy skills; and civic-engagement skills. The standards must include distinct grade-level expectations for the core content knowledge and skills that a student is expected to have acquired by each individual grade level from Kindergarten through grade 8. The standards for grades 9 through 12 may be organized by grade clusters of more than one grade level except as otherwise provided for visual and performing arts, physical education, health, and foreign language standards. Pursuant to s. 1002.20, F.S.; A public school student whose parent makes written request to the school principal shall be exempted from the teaching of reproductive health or any disease, including HIV/AIDS, in accordance with the provisions of s. 1003.42(3). Click [here](#) to learn more about the process and which courses contain subject matter where an exemption request can be made.

Course Information

FLVS course content is developed to directly align with the course descriptions published by the Florida Department of Education and approved by the Florida State Board of Education. Within those course descriptions are the specific standards and benchmarks students must meet in the course which drive the content taught and assessments of mastery. As prescribed in Florida statute 989, requests to view FLVS course content can be submitted through our Help Desk at help@flvs.net. FLVS welcomes and encourages stakeholder feedback to continuously improve our student experience.

FLVS Science Courses

There are many potential hazards in a science laboratory. However, in general, accidents caused by these hazards can be avoided if the student is familiar with laboratory techniques and a few rules are followed. Most of the materials you will be working with in an FLVS science course are ones that can be found in the home.

However, even these items can cause harm if mishandled.

The safest way to handle chemicals is to treat them all with care. There is no substitute for good technique in eliminating accidents. By clicking "I Agree" during registration, you agree to read and abide by the safety rules and procedures in your FLVS science course. By approving the course, the parent/guardian agrees to supervise the science experiments presented in the course. If you have additional questions, please contact your FLVS science teacher.

FLVS Advanced Placement® (AP®) Courses

Please reference the [Student Progression Plan](#) for up-to-date information on Advanced Placement® policies at FLVS.

FLVS Honors Courses

Almost all our core courses may be taken for Regular or Honors credit. If you are interested in receiving Honors credit, simply register for the Honors option for the course. Or, if you decide you would like Honors credit after registering for the regular option for the course, simply inform your teacher and school counselor once placed in the regular version of the course and your instructor can change you to the Honors credit version. Honors courses will cover material in more depth and, as a result, generally require more time and work to complete.

Students who elect to complete an Honors course, where available, commit to completing and passing all Honors assessments in the course. Students who do not complete and pass (score of 60 percent or higher) all Honors assessments in the course will not be completed with Honors credit for the course. Students seeking Honors credit must also complete the Honors segment exam.

***Public/Private Students:** Please make sure your school counselor is aware of your choice prior to notifying your FLVS instructor.

FLVS Physical Education Expectation

FLVS courses are designed to develop overall health and well-being through structured learning experiences, appropriate instruction, and meaningful content. FLVS provides a quality Physical Education program in which students can experience success and develop positive attitudes about physical activity so that they can adopt healthy and physically active lifestyles. Programs are flexible to accommodate individual student interests and activity levels in a learning environment that is developmentally appropriate, safe, and supportive. FLVS offers the following Physical Education courses:

- Physical Education Grades Kindergarten-5
- M/J Comprehensive PE, grades 6/7
- M/J Comprehensive PE, grades 7/8
- M/J Fitness, grade 6
- Fitness Lifestyle Design
- Health Opportunities through Physical Education (HOPE)
- Outdoor Education
- Personal Fitness

The 2007 legislative session in Florida passed House Bill 967, a Physical Education bill, that included the following:

- Defines "PE" as "the development and maintenance of skills related to strength, agility, flexibility, movement, and stamina, including dance; the development of knowledge and skills regarding teamwork and fair play; the development of knowledge and skills regarding nutrition and physical fitness as part of a healthy lifestyle; and the development of positive attitudes regarding sound nutrition and physical activity as a component of personal well-being."
- Requires 150 minutes of PE per week for grades Kindergarten-5th.
- Students enrolled in physical education instruction shall be reported through the periodic student membership survey.
- Records of enrollment in physical education instruction shall be audited pursuant to s. 1010.305, F.S.
- Defines those individuals approved to teach PE in grades Kindergarten-5th as instructional personnel defined in section 1012.01(2), F.S., regardless of certification, who are designated by the school principal. This includes classroom teachers, student services personnel, librarians/media specialists, other instructional staff, and paraprofessionals.
- Requires Sunshine State Standards (SSS) for PE to be reviewed and revised during the 2007-08 school

year to reflect state-of-the-art philosophy and practice. The revised standards shall emphasize the role of physical education in promoting the knowledge, skills, and attitudes that prepare students to make healthy lifelong nutrition and physical fitness choices.

As of the 2009-10 academic year, the equivalent of one class period per day of physical education for one semester each year is required for middle school students (grades 6 through 8). To satisfy the one semester requirement for middle school students, the physical education provided must "consist of physical activities of at least a moderate intensity level and for a duration sufficient to provide a significant health benefit to students, subject to the differing capabilities of students." All FLVS PE courses are taught by certified instructional personnel. A high school student selecting the traditional 24-credit graduation option must earn one credit in physical education. For students entering 9th grade in or after the 2007-08 academic year, credit for physical education must include the integration of health education. A student selecting one of the accelerated 18-credit graduation options or the International Baccalaureate (IB) curriculum or Advanced International Certificate of Education (AICE) Curriculum is not required to earn physical education credit.

To meet the one-credit requirement for students entering high school in or after the 2007-08 academic year, the FLDOE has established three course options. A school district may choose from among these three options:

- **Option 1.** A one-half-credit course in personal fitness and one-half-credit course in a physical education elective (taught by teachers certified in physical education);
- **Option 2.** The one-credit Health Opportunities through Physical Education (HOPE) Core course (co-taught by a teacher certified in physical education and a teacher certified in health education or taught by a teacher dually certified in both physical education and health education); or
- **Option 3.** The one-credit HOPE Physical Education Variation course (taught by a teacher certified in physical education).

A school district may not require a student to take these physical education courses in 9th grade.

In addition to the physical activities described in the lessons, students have the option to participate in Yoga or individual or team sport. High school students participating at the junior varsity or varsity level for two full seasons may not need to select one of these three options. Please contact your School Counselor with any questions.

Students enrolled in the FLVS Flex program, taking an FLVS PE course, should consult with their district of enrollment to determine specific district expectations.

Expected Physical Education Program Outcomes

Each school district is responsible for developing a physical education program that stresses physical fitness, encourages healthy, active lifestyles, and encourages all students in prekindergarten-12th grade to participate in physical education. At FLVS we take this responsibility seriously, actively working with our students to ensure that they are meeting the Florida's standards for health and fitness. These standards may be found at:

- floridastandards.org
- shapeamerica.org/standards/pe

Benefits of Physical Education

Proper physical education has lifelong benefits.

- It teaches about healthy nutrition and eating habits to ensure we are providing our bodies with the right mix of nutritional ingredients.
- It promotes an active lifestyle to develop and maintain motor skills useful in all walks of life.
- It teaches us about our bodies and how to keep them healthy and working throughout our lifetime.
- It teaches about and motivates to adopt ethical behaviors through participating in sporting activities.
- It provides an outlet for mental and physical stress.

How to Choose the Right Physical Education Program for You

FLVS serves a wide variety of students. If you are enrolled in a public-school district or private school and are taking courses at FLVS Flex, please consult with the School Counselor at your school of enrollment to determine what will be required by your school. If you are enrolled in a district VIP program, taking all your courses online, please consult with your district school counselor as well.

Minimum Length of Courses, Grading, Final Exams, Course Progress and Student Learning

Detailed information and expectations can be found in our district Student Progression Plan, published on our website: <https://flvs.net/about/instruction/student-progression>

Academic Integrity

Academic Integrity is one of our core values and one of the most important areas of focus as a learning organization. Students with academic integrity make decisions based on ethics and values that will prepare them to be productive and ethical citizens. FLVS Flex requires the original work of all students and in so doing, prohibits plagiarism of the work of others and cheating. Students shall be expected to properly cite the origin of work that is not the student's own. If work content, other than commonly known facts, is not properly cited, attributed, or credited, the work may be determined to be plagiarized.

Any assignment which is required to be submitted as written work, must be submitted in the student's handwriting. Violations of academic integrity will follow the academic integrity matrix for next steps.

As they progress through their courses, students will engage in several possible types of formal and informal evaluations assignments that are submitted for instructor evaluation and scoring are required to be typewritten and submitted directly through the Assessment page within the course. Handwritten assignments will not be accepted unless the assignment explicitly requires the assignment to be handwritten.

Any requests for exceptions to this requirement will be reviewed by Instructional Leadership on an individual basis, and will be based on an IEP, 504 Plan, or other relevant considerations. Academic Integrity expectations can be found on the FLVS website: flvs.net/academic-integrity.

Assessments

It is essential that student performance is regularly assessed. FLVS uses several types of assessments to determine students' skill levels, evaluate performance, develop educational plans, and to develop a permanent school record.

As they progress through their courses, students will engage in several possible types of formal and informal evaluations. Written assessments that are submitted for instructor evaluation and scoring are required to be typewritten and submitted directly through the Assessment page within the course. Any requests for exceptions to this requirement will be reviewed by Instructional Leadership on an individual basis, and will be based on an IEP, 504 Plan, or other relevant considerations.

Assessments within the Curriculum

As they progress through their courses, students will engage in several possible types of formal and informal evaluations.

Formal Evaluations (Evaluated by Teachers)

- **Quick Checks** – Brief online assessments that provide automatic feedback for students and teachers.
- **Quizzes** – Short online assessments that provide automatic feedback for students and teachers.
- **Course Assessments** – Written compositions, lab reports, short answer paragraphs, essays, book responses, and other assessments that require teacher evaluation of the student's work.
- **Honors Assessments** – Every Honors assessment in a course must be completed and passed (grade of 60 percent or higher) by a student seeking Honors course credit. Honors assessments are skipped or exempted in gradebooks of students seeking regular course credit.
- **Graded Discussions** – Monitored "class discussions" in which students post thoughts, ideas, and reactions on a designated discussion board. The postings are required by specific assessment guidelines outlined in the curriculum and are evaluated by the teacher.
- **Flex K-12 Discussion-based Assessments (DBAs)** – Discussion-based Assessments (DBAs) are a required component of all FLVS courses and programs. DBAs are integrated into all courses and programs to ensure mastery of content and integrity of written work; these mandatory assessments allow students to respond orally to questions provided by the teacher during a voice-to-voice conversation.

DBAs in K-5 will take place via Zoom. To ensure academic integrity Flex 6-12 DBA's may be required to be completed via an application using video and audio. DBAs in K-5 are required to take place via Zoom. Students may remediate and re-attempt unsuccessful DBAs at the discretion of their instructor. A student who does not complete and pass (60 percent or higher) every DBA is not eligible for course credit. Depending on the grade level, DBAs are varied throughout the course and/or FLVS program.

- **Flex K-5 Literacy Skills Assessment** - Language Arts Literacy Skills Assessments are quarterly assessments used to evaluate sight word fluency, reading accuracy, and comprehension. The Literacy Skills Assessment must be completed in Zoom as the assessment requires screen sharing the visual aids for the student to complete.
- **Collaboration Projects** – To foster 21st Century Skills and build real-world competencies, FLVS courses contain opportunities for collaboration in learning with peers. All students are encouraged to complete the Collaboration Assessments in their course(s).
- **Tests** – Module tests cover material from all lessons within a specific module. They are online assessments that contain a variety of question types and are weighted more heavily than quizzes towards the student's final grade.
- **Segment Exams** – Substantial end-of-semester assessments that provide students and teachers with more comprehensive information about a student's understanding of the instructional material. Students who do not take the segment exam are ineligible for course credit. Students seeking honors credit must take the honors segment exam in courses where applicable.
- **End-of-Course (EOC) Exams** – Comprehensive assessments that may occur at the end of some courses. The state of Florida determines which courses have mandatory EOC components. Updated information on state EOC requirements can be found on the FLDOE website ([fcat.fldoe.org/eoc](http://cat.fldoe.org/eoc)).

Student grades are based on a combination of the formal evaluations listed above.

End-of-Course Assessments

During the 2010 legislative session, Governor Crist authorized the implementation of EOC Assessments in several courses. All public school and charter school students are required to take these assessments when instructed by their districts. Exact dates are determined by your school district of residence.

For information on the EOC Assessments and available study materials, visit <https://www.flvs.net/student-resources/flex/eoc>.

Flex Elementary State Testing

FLVS Flex Elementary public/charter school students enrolled in Flex Elementary grades 3rd-5th are required to take the state assessments with their enrolled school of record.

FLVS Flex Elementary homeschool/private school students are not required to participate in state-mandated tests. Participation is at the discretion of the parent and should be coordinated with the Home Education Department of the local school district.

Flex Elementary Handwriting Standards and Expectations

FLVS Flex Elementary students in Kindergarten through grade 3 are required to submit handwritten work for all assignments in the enrolled student's own handwriting. Grades 4 and 5 may submit typed assignments with exception of the assignments that include handwriting standards. The requirement of students submitting work in their own handwriting is in alignment with FLVS Academic Integrity policies.

Students who have an IEP, 504 Plan, or other ESE documentation on file at FLVS may require accommodations for the response options for class assignments. The teacher or parent should contact the grade-level ESE Specialist to discuss any necessary accommodations.

Computer Requirements, Specifications

Technology

A virtual school requires the use of technology to promote and support student learning. All school participants, including parents or legal guardians, students, and staff, will use the Florida Virtual School Student Information System and Learning Management System as well as the Internet to communicate and share information. Hardware and software requirements for accessing your Student Information System and your Learning Management System can be met by using your family's personal computer, a computer in a public library, or any other computer as long as the equipment used meets the FVLS minimum specifications (see below). At present, we test and verify a wide variety of devices and have ongoing programs to migrate away from any technologies that are not compliant with newer mobile platforms. In general, however, lightweight devices such as Google Chromebooks or tablets that have very limited technology support for Java or Flash, will not be compatible with most of our courses. Please ensure you have a Windows or Mac based computer available to complete coursework if your selected mobile device does not meet the needs of the course. Some courses may have different or additional requirements to the one listed on this page. For specific System Requirements for your course, go to the Material List page in the Course Information tab within the course.

Communication Requirements

Communication between teachers, parents, and students is an integral part of the FLVS learning environment. Throughout each course, students and parents are expected to communicate regularly with their teachers. It is the student and parent's responsibility to return communication from the teacher for any reason.

More detailed information on FLVS Teacher/Parent/Student Communication Policies can be found in our district Student Progression Plan, published on our website: <https://flvs.net/about/instruction/student-progression>

Emergency Plans

In the event of an emergency (such as hazardous weather conditions), FLVS will send all families a “must read” Student Information System message explaining the details of the emergency, especially if it will result in the closure of our main office. FLVS will also record a voicemail message announcing the details of the office closure and the availability, or lack of availability, of teachers and other school services.

Please note that the FLVS Virtual Learning Center (VLC) and our teachers may be located in places where conditions are different from those in the student's location. Such services may be occasionally interrupted when school operations are running as usual or vice versa. Even if the VLC closes due to hazardous weather or other emergencies, students not impacted should continue working in their courses.

Enrollment

FLVS will abide by all federal, state, and local policies and guidelines for student admission and will not impose admission requirements that are inconsistent with these policies and guidelines.

At various times during the school year, to comply with mandated enrollment caps, state regulations and reporting, and/or testing processes and requirements, FLVS may temporarily or permanently close courses to new enrollments. Students and families will be notified of these changes when applicable.

Enrollment of Students Expelled from Another School Pre-Expulsion

If a district has found probable cause for an expulsion but has offered the student an alternative program, FLVS may be utilized as a solution for providing instruction for said student. FLVS reserves the right to deny enrollment depending on the nature of the misconduct that resulted in the student being considered for expulsion.

Parents/Guardians must share with the school district if the student has experienced a previous school expulsion. FS 1006.07 require each student at the time of initial registration for school in the school district to note previous school expulsions, arrests resulting in a charge, juvenile justice actions, and any corresponding referral to mental health services by the school district, and have the authority as the district school board of a receiving school district to honor the final order of expulsion or dismissal of a student by any in-state or out-of-state public district school board or private school, or lab school, for an act which would have been grounds for expulsion according to the receiving district school board's code of student conduct, in accordance with the following procedures:

1. A final order of expulsion shall be recorded in the records of the receiving school district.
2. The expelled student applying for admission to the receiving school district shall be advised of the final order of expulsion.
3. The district school superintendent or CEO of the receiving school district may recommend to the district school board that the final order of expulsion be waived and the student be admitted to the school district, or that the final order of expulsion be honored and the student not be admitted to the school district. If the student is admitted by the district school board, with or without the recommendation of the district school superintendent, the student may be placed in an appropriate educational program and referred to mental health services identified by the school district pursuant to s. 1012.584(4), when appropriate, at the direction of the district school board

FLVS Expulsion Policy

If a student has been expelled from a public school, the Superintendent of the district may request that the student be enrolled with FLVS **prior to the student registering**. All requests should be made to the FLVS Regional Counselor and approved by the Director of Instruction. FLVS requires expulsion documents. FLVS reserves the right to deny enrollment depending upon the nature of the misconduct that resulted in the student being expelled.

Homeschool Verification Form

Per FL statute 1002.37, Florida Virtual School Flex homeschool parent/guardians must verify FLVS course requests and enroll their students as homeschool students in their local district. Parent/guardians will acknowledge the student's home school status during the parent/guardian enrollment verification. A pop-up box will appear asking the parent if they have registered their student with the school district. If they have done so, they click "Accept," if not, parents need to register their student with the school district. Parents can find a list of district contacts that can be found at <https://www.flvs.net/student-resources/homeschool/district-contacts>.

Eligibility, Residency, and Age

Proof of Residency (POR) - Florida Students

Zero Tolerance for School-Related Violent Crime

Florida Virtual School, in accordance with state statute, Section 1006.13 F.S., has developed a Zero Tolerance Policy, which can be found in the FLVS Code of Conduct published on our website at <https://www.flvs.net/about/instruction/policies>. The intent of this policy is to minimize the victimization of students, staff, or volunteers, including taking all steps necessary to protect the victim of any violent crime from any further victimization.

Student Emotional and Physical Safety

Required Training for School Staff

FLVS takes student safety and well-being very seriously and believes that students should be able to learn in a safe and comfortable environment. Therefore, in addition to the comprehensive set of required courses and trainings for school staff that focus on educational practices, teachers and staff also attend the **Florida Child Abuse Mandatory Reporting Training**. This training provides teachers and staff with the resources they need to recognize the signs of child abuse and how to report suspected cases of child abuse to the Florida Department of Children and Families.

Child Abuse Reporting Policy

The Child Abuse Reporting Policy is available at <https://www.flvs.net/about/ethical-conduct-for-flvs-employees>. For questions about this policy, contact info@flvs.net. All members of school staff are expected to complete the training at least once every school year. The school leadership tracks and ensures all staff completion of these trainings, and team members who do not complete the course in the required time frame may be subject to disciplinary action in accordance with FLVS employment policies.

In addition, FLVS recognizes the importance of mental wellness. Pursuant to section (s.) 1012.584, Florida Statutes (F.S.), FLVS provides continuing education and in-service training for youth mental health awareness and assistance by utilizing the evidenced-based **Youth Mental Health First Aid (YMHFA)** training program. YMHFA facilitates mental health literacy and gives adults the necessary skills to interact with youth who are developing a mental health problem or experiencing a mental health crisis, including helping adults working with youth identify, understand and respond to signs of mental illness.

FLVS believes that it is of the utmost importance that our faculty and staff are trained to respond to students and situations which require immediate action to ensure that safety and well-being of our students and our communities. Mental Health professionals are on staff to assist students in families cope with social, emotional, and mental health needs. For more information contact studentservices@flvs.net.

FortifyFL

Florida Virtual School is a part of a statewide initiative called FortifyFL, an anonymous reporting app that allows anyone to report a threat involving schools. Any student, educator, parent, or member of the community can report school safety concerns directly to law enforcement and school administrators anonymously and easily through the FortifyFL app or www.getfortifyfl.com. The app, which is available for download on Apple and Android mobile devices, is critical to ensuring all Florida schools are safe environments where students and educators can experience and share the joy of learning without fear.

Student Suicide Prevention, Awareness, and Screening

FLVS recognizes that suicide is one of the leading causes of death for Florida's youth. To address the prevalence of student suicide, FLVS believes there must be a partnership among families, the community, and schools. It is critical for families and community members to communicate with and provide information to FLVS staff to identify students at risk of suicide.

FLVS will provide access to suicide prevention educational resources to all instructional and administrative staff as part of FLVS's professional development program. The suicide educational resources will include material approved by the Statewide Office for Suicide Prevention, the Florida Suicide Prevention Coalition, and the Coordinated School Health Resource Center. FLVS's Student Services personnel will be responsible for providing suicide prevention, awareness, and screening training and resources to students and staff.

All FLVS school personnel should be alert to signs of suicide ideation and to students who threaten or attempt suicide. Suicide ideation is the process of fantasizing, planning, practicing, and motivating oneself to commit suicide. Any such signs or the report of such signs from another student or staff member should be taken with the utmost seriousness. Families, community members, and students are encouraged to report any such signs to the principal/instructional leader.

Professional development training in youth suicide prevention shall be provided to Student Services personnel, administration, and instructional staff. Further, additional professional development training regarding risk assessment and intervention shall be provided to mental health counselors, school counselors, psychologists, and school social workers.

Youth Suicide Awareness, Prevention, and Screening

A. Training

Two hours of continuing education training will be provided in the area of youth suicide awareness, prevention, and screening, utilizing training materials from the list approved by the Florida Department of Education (FLDOE). Instruction about how to identify appropriate mental health services and how to refer youth and their families to those services shall be included in the program. The training shall be included in the existing continuing education or in-service training requirements for instructional personnel.

B. Suicide Prevention Certified Schools

Any FLVS school that meets the following requirements shall be considered a Suicide Prevention Certified School under Florida law:

0. All instructional personnel at the school have participated in the two (2) hours of youth suicide awareness, prevention, and screening training; and
1. The school has at least two (2) school-based staff members certified or otherwise deemed competent in the use of a suicide screening instrument approved by the FLDOE and has a policy to use such suicide risk screening instrument to evaluate a student's risk before requesting the initiation of, or initiating, an involuntary examination due to concerns about the student's suicide risk.

The President and Chief Executive Officer (CEO) will notify the FLDOE of all schools qualifying for this designation. Each school shall also post on its own website whether it is a Suicide Prevention Certified School, and FLVS shall post on its website a list of the Suicide Prevention Certified Schools.

Student Assistance Programs

The FLVS Board of Trustees has adopted policies related to student conduct in the school setting and has authorized disciplinary measures for the violation of these policies, in order to continuously promote the safety and well-being of

both staff and students and to maintain an environment conducive to learning.

FLVS seeks to maintain a balance between maintaining a proper educational environment and a compassion for students who suffer from or are victims of severe, immoral, or illegal behavior. Social Emotional and Mental Health programs have been established to promote healthy and productive living. Discipline shall be maintained to protect students and staff from actions that disrupt teaching and learning. However, FLVS recognizes that students may experience difficulties that educational programs and sound discipline may not prevent and that other forms of assistance may be available through FLVS.

The President and Chief Executive Officer (CEO) is authorized to establish assistance programs for students which provide for effective intervention in areas such as substance abuse, mental health, crisis situations, and other situations which have an impact on students' emotional, mental, and/or social well-being and affect their ability to benefit from educational experiences. Administrative procedures are to be prepared which will ensure that:

- a. the rights of both parents and students are protected;
- b. a Threat Assessment Team is established, which is chaired by the FLVS School Safety Specialist and includes administrators, instructional staff school counselors, student services personnel and law enforcement;
- c. staff members are properly trained and skilled for their roles and participate in ways that comply with their certification or licensing and job description as well as with FLVS policies and administrative procedures; and
- d. outside community resources and agencies are properly certified or licensed to provide services and have a history of effective assistance.

Under no conditions shall the names and addresses of students be given or sold to a private or commercial agency by the school or any school-related group without School Board approval or for the purpose of providing District services with a contract outlining provisions to protect the data from releasing student information outside the guidelines of the contract.

The transfer of student records shall not be delayed for nonpayment of a fee or fine assessed by the school.

Person Standing in Loco Parentis to Student

When students are under 18 years of age and do not reside with their parent(s), the parent(s) shall designate in writing to the Principal/Instructional Leader the individual who stands in loco parentis to the student.

Access to Student Records

If any adult other than the parent/guardian requests to access the student grades and coursework, then it is the responsibility of the custodial parent/guardian to add the information to VSA.

Right to Contest the Contents of Student Records

The parent/guardian has the right to contest the contents of his/her child's record. This right shall provide for the correction or deletion of any inaccurate, misleading, or otherwise inappropriate data. Procedures for challenging the content of student records shall be developed as directed by the President/CEO.

Release of Student Discipline Records

In accordance with FERPA and the federal regulations issued pursuant to FERPA, an agency, as defined in s. 1002.22, or a public school, center, institution, or other entity that is part of Florida's education system under s. 1000.04(1), (3), or (4) may release a student's education records without written consent of the student or parent to parties to an interagency agreement among the Department of Juvenile Justice, the school, law enforcement authorities, and other signatory agencies. The purpose of such an agreement and information sharing is to reduce juvenile crime, especially motor vehicle theft, by promoting cooperation and collaboration and the sharing of appropriate information in a joint effort to improve school safety, to reduce truancy and in-school and out-of-school suspensions, and to support alternatives to in-school and out of-school suspensions

and expulsions, which provide structured and well-supervised educational programs supplemented by a coordinated overlay of other appropriate services designed to correct behaviors that lead to truancy, suspensions, and expulsions and that support students in successfully completing their education.

Information provided in furtherance of an interagency agreement is intended solely for use in determining the appropriate programs and services for each juvenile or the juvenile's family, or for coordinating the delivery of the programs and services, and as such is inadmissible in any court proceeding before a dispositional hearing unless written consent is provided by a parent or other responsible adult on behalf of the juvenile.

FLVS Code of Conduct

FLVS Student Conduct Philosophy

Florida Virtual School expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The FLVS school district believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members. Since students learn by example, school administrators, faculty, staff, and volunteers will demonstrate appropriate behavior, treat others with civility and respect, and refuse to tolerate bullying or harassment. For additional information, please visit our Code of Conduct on our website at <https://www.flvs.net/about/instruction/policies>.

FLVS Code of Conduct Overview

FLVS staff members seek to maintain orderly conduct among Kindergarten-12 students in all FLVS programs to create a safe and positive learning environment. Although most programs are delivered online, from time to time school-sponsored events are planned, therefore a comprehensive Code of Conduct was written to address the behavioral expectations for students in both virtual and face-to-face settings. The Code of Conduct operates in conjunction with the FLVS Student Handbook and provides information that both parents/guardians and students should read when entering an FLVS program and review annually.

Four levels of behavioral offenses and possible disciplinary responses are listed, followed by additional policies regarding student behavioral expectations. FLVS reserves the right to determine appropriate consequences to be imposed upon a student for any infraction of the Code of Conduct, including misconduct not specifically listed. FLVS reserves the right to amend the content in this handbook at any time throughout the school year, without notice. FLVS also will comply with discipline regulations for students with disabilities in conjunction with Section 504 of the Rehabilitation Act and the Individuals with Disabilities Education Act (IDEA). For additional information, please visit our Code of Conduct on our website at <https://www.flvs.net/about/instruction/policies>.
