STUDENT CLUBS AND ACTIVITIES

As an FLVS student, your child has the opportunity to become involved in various elementary, middle, or high school clubs and activities. Whether your child takes one or all of his/her courses with FLVS, student clubs and activities allow your child to explore interests outside of his/her classes and meet other students across the state.

ELEMENTARY

FLVS offers comprehensive, interactive curriculum for your Kindergarten–5th grade child, incorporating age-appropriate instruction with best practices for young children learning online. Classes can be taken individually or as part of a complete program, allowing you to follow a schedule that works for your family and personalizes your child's school experience. Like all FLVS offerings, elementary classes are tuition-free to Florida students and are based on the Florida State Standards. As a parent, you oversee your child's daily progress, playing an integral role in their success. FLVS also provides many 1:1 support opportunities to you and your child, as well as live, online teacher instruction, classmate collaboration, and school counselor activities.
