avierbickas@flvs.net

RFP01-2403856B01-DJJITS-XXXXXX; Onsite and Virtual IT Support Services and Resources is hereby amended by the following change(s):

Change #1:

Requirement #4 of the Requirement table is deleted and replaced with:

Verify that all networks meet the minimum specification and functionality per FLVS-provided requirements per location. The base level of these requirements is as follows:

1. Installation of the following equipment:

- a) Modems
- b) Routers
- c) Firewalls
- d) Web Content Filtering
- e) Switches capable of management (for VLANs and other needs)
- f) Wireless solution, to include controllers if needed (based on site size)

2. Wireless:

- a) Conduct a Wireless survey at each site. Analyze for needs.
- b) Installation of equipment required to provide secure and reliable wireless connectivity to all classrooms and educational offices.
- c) All wireless access points should be mounted to the ceiling or at a high elevation of the wall. No Aps are lying on desks, shelves, or the floor.
- d) Cabling to wireless access points should be at least CAT 6 ethernet cabling.

3. Industry Best Practice

- a) Installation of all measures above needs to comply with industry standards from NIST or similar organizations.
- b) Implementing all measures shall adhere to all applicable Florida and Federal laws.

FLVS reserves the right to expand or modify these requirements based on each location's needs.

Orlando, FL 32819

*A reply of yes to this requirement in your submission, whether this addendum was reviewed or not, will still constitute an acceptance of the above-expanded requirement.

Change #2: Due to the change in requirements on requirement 4 of the table, the word *Optional* is removed from the table header for Services and Goods right after requirement 14 of the table.

- **Optional Services and Goods**
