Description: Freckle is flexible, captivating every learner with differentiated practice, and is designed to be both teacher-led and student-paced. You can assign specific math exercises based on grade-level standards, and for students who need practice outside of their grade level, Freckle can provide self-paced practice that continuously adapts as they progress. Real-world lessons encourage students to work in groups to solve fun, practical challenges with the skills they've learned. • K–12 coverage of standards and skills • Aligned to state standards and to Common Core • Over 70,000 unique math questions available • As students work, supports such as audio and hints guide them through their practice and help them solve problems without giving up • Additional math fact practice and inquiry-based resources help drive deeper understanding Lalilo is an innovative, visually engaging, standards-aligned literacy software program for K-2 students and teachers. Our program supports literacy learning and instruction through interactive and developmentally appropriate exercises for students and extensive data tracking and planning tools for teachers. Star Assessments, whether teaching in-person or remotely, uses the most comprehensive K-12 interim and formative assessments suite available-universal screening, progress monitoring, and goal-setting data to move every student forward.

The description of products or services intended for purchase from a single/sole source is posted in accordance with Florida Administrative Rule 6A-1.012(12)(d) and will remain posted for a period of seven (7) business days. If you believe you have a "like" product or service to offer, submit descriptive literature and detailed technical specifications via mail or email to the attention of the buyer listed above no later than the Posting End Date/Time noted above. Descriptive literature and detailed technical specifications received after this date/time will not be considered.
