

FLVS Full Time Public School Grades 9-12 Homeschool Prior Academic History Form

Please use this form to document all high school level courses completed through a homeschool program or curriculum. This information will be used to determine the most appropriate course placement for your student. If more information is needed you may be asked to submit additional documentation. **Please note:** Any courses completed at a public or private school should be documented on a report card or unofficial transcript and you should not use this form.

Directions: Please complete one form per student. **For grade 9:** Submit current 9th grade courses in progress or completed. **For grade 10:** Submit academic history for 9th grade and current 10th grade courses in progress or completed. **For grade 11:** Submit academic history for 9th, 10th, and current 11th grade courses in progress or completed. **For grade 12:** Submit academic history for 9th, 10th, 11th, and current 12th grade courses in progress or completed. If the homeschooling curriculum your student completed issued progress reports or report cards, please submit that documentation. Florida home education students should also submit their district's most recent homeschool evaluation form as directed in the enrollment application. Students may request to receive credit for courses completed in previous educational settings other than fully accredited schools, including homeschool, non-accredited public, private, alternative, or international schools. Please consult an FLVS Full Time Public School counselor for additional information about how credit is granted for coursework completed in a non-standard school program.
