Dear Military Families,

We are honored to support our military students and are committed to helping them succeed academically. To support your child, each military student will be assigned a dedicated mentor who will guide them through using our Learning Management System (LMS), Educator, assist with uploading assignments, and help with submitting their work on time.

In addition, your child's core teacher will stay in contact at least once a month to offer academic support and monitor progress with grade level benchmarks.

Our support staff is also available to provide enrichment opportunities or help address any academic challenges your child may face. Whether it's extending learning or closing gaps, we're here to help your child grow and thrive.

Thank you for your family's service. We look forward to supporting your child throughout their educational journey.

Sincerely,

Sabrina Edwards, Assistant Principal

Jessica Pociask, School Counselor & Parent Liaison
